

### **SPECIAL INDUSTRY RECOGNITION AWARD**

THE METROPOLITAN DISTRICT COMMISSION, HARTFORD, CT

The Metropolitan District (MDC) is a non-profit municipal corporation chartered by the Connecticut General Assembly in 1929 to provide potable water and sewerage services on a regional basis.

The MDC provides quality water supply, water pollution control, mapping, and household hazardous waste collection to eight member municipalities: Bloomfield, East Hartford, Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor. Additionally, the MDC provides drinking water to portions of Farmington, Glastonbury, East Granby and South Windsor, known as the MDC's non-member towns.

The mission of the MDC is to provide our customers with safe, pure drinking water, environmentally protective wastewater collection and treatment and other services that benefit the member towns.
