

TODD BERMAN

SENIOR PROJECT MANAGER – FUSS & O’NEILL

Experienced Project Manager with a demonstrated history of working across multiple disciplines. Skilled in Coastal Resiliency, Environmental Compliance, Environmental Auditing, and Management. Strong research professional with a Master of Science (MS) focused in Environmental Management & Policy from Rensselaer Polytechnic Institute. With more than 20 years of experience in helping clients with environmental challenges, I am thrilled to be a part of the team at Fuss & O’Neill. The diversity of skills we can deploy in support of our clients provides me with an incredibly broad ranges of disciplines, methods and strategies to advance solutions to client needs. Beyond the list of skill sets we can draw upon is the deep commitment to be innovative and specific to each client as we address their needs. What I enjoy most is leading the synthesis of talents from multiple disciplines in support of our clients.
