

Proclamation for Children's Vision and Learning Month

Since 1995, people of all ages have turned to The Vision Therapy Center for a solution to eyesight issues. The month of August has been declared as National Children's Vision and Learning Month. The goal of having this national observance is to help educate parents and educators throughout the country the critical link between vision and learning.

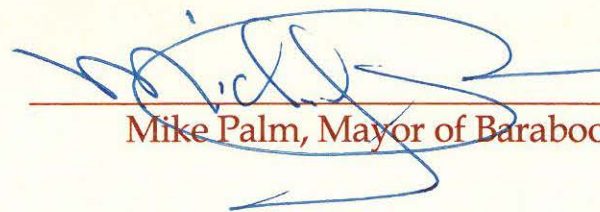

Public awareness about learning-related vision problems is needed to ensure that all children receive prompt vision treatment to enhance their lives.

Therefore, I, Mike Palm, Mayor of the City of Baraboo, in recognition of the importance of good vision, do hereby proclaim the month of August, 2014 as:

"Children's Vision and Learning Month"

By working together, we can help the children of Wisconsin to succeed in school and in life.

Signed this 22nd day of July, 2014.

Mike Palm, Mayor of Baraboo
