Annual Conference Presents:

The Aurora Theater Shooting

W/Retired Deputy Chief Terry Jones

Aurora Police Department

“During the summer of 2012 the city of Aurora suffered an unimaginable horror. On July 20 at approximately 12:40 AM a gunman opened fire on movie goers that were in the Century 16 Movie Theater. When the shooting stopped 12 patrons were dead and more than 70 were injured. The presentation will show what officers encountered at the theater, and the subsequent crime scene at the suspects residence.” – Terry Jones
