2023-2024

BOARDS, COMMITTEES AND REPRESENTATIVES

Budget and Finance Committee
Description: The Budget and Finance Committee helps to manage the annual budget/financial plans of the Society.

Responsibilities
- Review the membership dues of each membership category and adjust annually or bi-annually to account for the cost of added programs and inflation.
- Review the monthly financial report by the ASC National Office.
- Review the operating budget for the coming fiscal year (July - June) drafted by the Executive Director and Secretary-Treasurer and recommend any modifications, including a review of the salary and benefits of the National Office Staff.
- Review expenditures to identify areas of cost inefficiencies and savings.
- Review the year-end financial audit report to determine if the ASC programs fees and expenses need to be adjusted/modified to achieve a neutral budget.
- Consider requests for budget allocation from ASC Foundation, committees, task forces, liaisons, and members and make recommendations to the Board.

2023-2024 Initiatives
- Partner with any ASC Committee to determine funding requirements for potential new initiatives or products.
- Review expenditures and identify cost inefficiencies and potential savings.
- Review ASC Foundation funding activities (grants and scholarships) to determine if changes are needed.
- Collaborate with the Program Innovation Committee and other relevant committees for possible new marketable products for development.
