2023-2024
BOARDs, COMMITTEES AND REPRESENTATIVES

Case Study Committee
Description: The Case Study program on the ASC online education page (CytoCE) provides an interactive distance-learning experience to challenging diagnostic issues via interesting patient cases in the field of cytopathology. Each Case includes objectives, images, clinical history, along with a multiple-choice diagnosis followed by discussion, review images and references.

Responsibilities
- Ensure education is developed in compliance with the requirements of the ACCME and ABP CC.
- Evaluate the Case Study program effectiveness.

2023-2024 Initiatives
- Solicit ASC Membership to submit Case Studies.
- Evaluate a Case Study review system.
- Evaluate previously published Case Studies to determine if content is current; remove ineffective or outdated materials from circulation.
- Develop case discussion teaser on Social Media (Twitter, Instagram, Facebook) and provide links to the session
