**2020-2021**

**BOARDs, COMMITTEES AND REPRESENTATIVES**

**Case Study Committee**

*Description:* The Case Study program on the ASC online education page (CytoCE) provides an interactive distance-learning experience to challenging diagnostic issues via interesting patient cases in the field of cytopathology. Each Case includes objectives, images, clinical history, along with a multiple-choice diagnosis followed by discussion, review images and references.

**Responsibilities**

- Ensure education is developed in compliance with the requirements of the ACCME and ABP CC.
- Evaluate the Case Study program effectiveness.

**2020-2021 Initiatives**

- Solicit ASC Membership to submit Case Studies.
- Develop a Case Study review system.
- Work with *The ASC Bulletin* Editor as well as the Editors of *JASC* to determine the suitability of publication of selected Case Studies.
- Evaluate previously published Case Studies to determine if content is current; remove ineffective or outdated materials from circulation.
- Develop case discussion teaser on Social Media (Twitter) and provide link to the session
- Create videos for the ASC YouTube site discussing interesting cases with key take home messages
- Create 3 or 4 sessions on different topics, including how to use the case study and how to submit a case
