

**2018-2019**

## **BOARDS, COMMITTEES AND REPRESENTATIVES**

### **International Liaison and Membership Committee**

*Description:* The newly constituted “International Liaison and Membership Committee” will expand the global visibility of the ASC and devise plans and strategies to increase overseas membership of the Society.

#### *Responsibilities*

- Create programs and “drives” to attract and recruit new international members
- Assess and recommend enhancements to the value of ASC membership to the international market.
- In collaboration with the Membership Committee, host the First Time Gathering at the ASC Annual Scientific Meeting.

#### *2018-2019 Initiatives*

- Develop creative ways to recruit and engage international members.
- Work closely and in tandem with the Membership committee.
- Recommend ways to increase involvement of international members at our Annual Scientific Meeting.
- Determine target increases for each international membership category.
- Assist ASC staff in developing prospective member recruitment initiatives.
