Health and Well Being | COVID-19 and Distribution Contractors Association (DCA) Events

As DCA meetings and events in different areas of the country kick off throughout March and April, we want to assure members and attendees that we are closely monitoring the virus known as COVID-19 or Coronavirus 2019. The health and welfare of our attendees and staff is our highest priority. DCA will work to provide the highest possible degree of hygiene and safety at the events.

According to the U.S. Travel Association, the risk to Americans remains low and there are no restrictions on travel anywhere within the United States. Taking care and prevention measures are key. The Centers for Disease Control and Prevention (CDC) recommends the following actions to help prevent the spread of respiratory diseases:

- Wash your hands often with soap and water for at least 20 seconds.
- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol.
- Avoid touching your eyes, nose, and mouth.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Stay home if you are not feeling well.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
