

GET INVOLVED!

JOIN AN ECFC COMMITTEE AND MAKE A DIFFERENCE

One of the most valuable benefits of membership in ECFC is the opportunity to participate on one or more of the ECFC committees. Getting involved is a great way to build your network of contacts, sharpen your leadership skills, raise your company's profile in the industry and maximize your membership investment! What's more, ECFC committee members are directly involved in identifying new opportunities, guiding projects and offering their expertise, so you will have a direct hand in helping us achieve our goals.

Take a look at our committees - listed below - to see if any fit your interests or area(s) of expertise. To join a committee, email Christa Day at cday@ecfc.org, Executive Director and we'll let you know the next steps.
