

Digital Health Around The Globe 2018

Beijing, China

26 - 28 September

About the DHSCHINA18

The China Consortium Health Alliance (CCHAlliance), supported by ECHAlliance, will organise the **3rd Digital Health Around The Globe (DHSCHINA18)** Conference at the long established **PTExpo**, a large international event gathering 100,000+ leaders with the IT and telecommunications industry and organised by the Ministry of Industry and Information Technology. DHSCHINA18 will showcase the best innovators and the key leaders for Digital Health sector. The agenda will present policy-makers, leading companies, start-ups, most advanced scientists, investors, insurances... coming from China and the all over the world.

The keynotes and panel sessions will showcase the main stakeholders and projects in China around digital health and wellbeing, and will invite innovators from around the world to discuss cooperation.

The agenda will include the following themes:

- **Elderly care, active and healthy ageing and longevity**
- **Big Data for healthcare**
- **Smart Healthy Cities**
- **Digital Traditional Chinese Medicine (TCM)**
- **Health and well-being**

The event will also be the opportunity to discuss the work programme of **The Digital Health Society (DHS)** movement and its moonshot mission in Europe for 100 million Digitally Connected EU Citizens by 2027. Chinese partners are interested to connect with the European initiative and collaborate on common objectives.
