The Global Network of Digital Health Alliances

Connecting 78 Countries and 4.4 billion people

Canadian Integrated Health Alliance

China Consortium Health Alliance

Contact us info@echaliance.com
ECHAlliance Digital Health Observatory, as a Global Connector section has 4 objectives to:

1. provide relevant, timely and high-quality articles, reports, best practices and research in digital health transformation.
2. increase awareness and commitment of governments and the private sector to invest in, promote, and advance in transforming healthcare delivery.
3. generate knowledge that will significantly contribute to the improvement of health using Digital technologies and processes.
4. disseminate research findings and best practices in events, workshops and through social networks.

Opportunity to share: high-quality articles, reports, best practices and research in digital health transformation
