

By the Numbers: Higher Education

The Education Policy Fellowship Program's mission is to develop a diverse and collaborative community of strategic leaders for effective public policy.

EPFP's Three Pillars

We have 9,000 alumni in all 50 states, including*:

POLICY

Fellows learn about specific policy issues, policymaking and implementation processes, the interface of local, state, and national policies, and the practices effective leaders use to function in the policy

LEADERSHIP

Fellows develop familiarity with different types of leadership, become aware of their potential as leaders, and learn from interactions with proven leaders.

NETWORKING

Fellows learn to establish action-oriented and mutually beneficial relationships with colleagues; expand their range of strategies for using power and influence; and build and sustain a larger, more diverse range of professional contacts.
