## 3 MUST ATTEND FERRARI ONLY EVENTS IN 2022

### FATHERS + SONS . SAINT-TROPEZ . 13-15 MAY

The programme, the attention to every single detail, the will to surprise, the combination of art de vivre, fine food, the thrill of driving, meeting other crews, special moment between father and son, and the generational diversity of cars give this event such a singular appeal. Undoubtedly will be added a nice complicity between pilot and co-pilot, new friendships and an indelible memory. It should be noticed that all cars have to be different models.

### 25 FERRARI OWNERS TOGETHER FOR A WEEK . 4-8 OCTOBER

TheRedTour™ will be organized across France, from Champagne to Bordeaux regions including only places with a strongly established reputation or new pepites but also not-open to public areas, meetings as enriching as varied, an indisputable culinary enjoyment. All of this, making this event a cocoon in motion, a parenthesis like there is no other. As for Padre-Figlio™, all cars have to be different models.

### 35x F40 . SOUTH OF FRANCE . 5-7 JUNE

A palace in Saint-Tropez to meet up and spend the first night. A selection of particularly entertaining stages. A Relais&Châteaux afterwards. Starred chefs. Driving on the Formula 1 circuit at Le Castellet. An omnipresent attention to detail. For sure, an exceptional moment for a unique occasion. But of course only open to the F40, and limited to 35 crews.

### FERRARI OWNERS AND BUYERS

There is an **urgent** airbag safety recall on nearly all 2010 through 2018 model year Ferraris. If you own or intend to purchase a Ferrari within those model years, please take this urgent step to see if your airbags need to be replaced.

*This recall repair is free.*

Visit [ferrari.com/en-US/auto/takata-airbag-recall](http://ferrari.com/en-US/auto/takata-airbag-recall) and enter your seventeen-digit VIN to see if your Ferrari has any open safety recalls. Or find additional information on your Ferrari on the U.S. Department of Transportation, National Highway Traffic Safety Administration's recall website: [nhtsa.gov/recalls](http://nhtsa.gov/recalls).

It's also important to keep your ownership profile up-to-date so you can be notified of any safety recalls or other important communications. The best way to do this is through the new MyFerrari app, which is available now through your preferred app store.
