ASSOCIATION

To print the certificate, you must have completed the steps to enter your FIBA profile and download it. If you have any questions about the process, write to us at fibatraining@fiba.net

1- You must download your certificate in PDF. To do this you must save it on your device.

We recommend doing the process on a personal computer.

The steps may change depending on the device or software you use.

2- Once you download the certificate, you can edit the margins and details to print it according to your preferences.

The certificate will be different if it is from AMLCA, CPAML, CVAA or one of the additional programs and courses.

- Select "Save as PDF"
- "Landscape" or "Horizontal" position
- Margin "None" or Without margin.
- Adjust size if necessary.
- Check "Background graphics".

This way you can print your certificate
