Once finished plans get implemented and move into maintenance

National Flood Insurance Program & Community Rating System

Federal Insurance and Mitigation Administration

Community Rating System

The National Flood Insurance Program (NFIP) Community Rating System (CRS) was implemented in 1990 as a voluntary program for recognizing and encouraging community floodplain management activities exceeding the minimum NFIP standards. Any community in full compliance with the minimum NFIP floodplain management requirements may apply to join the CRS.

- Use all of the Flood Plans plus Emergency Management plans as supportive documentation
- Partner heavily with OES for section 600

Hazard Mitigation Plans

- Ensure the Flood Hazard Profile is accurate
- Identify repetitive loss areas
- Create strong mitigation projects
