Massey Services, Inc.*

Massey Services is a Leader in our Industry

With our home office located in central Florida, Massey Services and our subsidiary organizations employ more than 2,000 team members and operate 1,800 vehicles that provide residential and commercial pest prevention, termite protection, landscape and irrigation services to over 550,000 customers from Service Centers throughout Florida, Georgia, Louisiana, Texas, South Carolina, North Carolina and Oklahoma.

With over 30 years of superior services, steady growth, and guaranteed customer satisfaction, our ultimate goal is to continue to be recognized as one of the leading service companies in our industry.

Serving Our Communities

Our company, its leaders and our Team Members are all deeply involved with activities and organizations in the communities we serve. In fact, volunteerism is a key touch point in our company's guiding philosophy.

Leading Our Industry

Our founder, Harvey L. Massey, and our company's senior leadership team are frequent contributors to national, state and local industry associations. We also regularly contribute articles and columns to major trade publications and serve as industry experts for local media.

Protecting Our Environment

Massey Services first developed the concept of Pest Prevention back in the 1980's and over the years has introduced numerous innovative techniques and protocols that reduce dependence on pesticides and help preserve our water resources. Our ongoing efforts have earned awards for environmental stewardship from the U.S. Environmental Protection Agency (EPA) and the Council for Sustainable Florida.
