ADVANCES IN DERMATOLOGIC SURGERY™

38th Annual Meeting
Florida Society of Dermatologic Surgeons

The Ritz-Carlton Orlando
Grande Lakes
September 27–29, 2019
It is with great pleasure that I invite you to attend the 38th Annual Meeting of the Florida Society of Dermatologic Surgeons, “Advances in Dermatologic Surgery.” Our Program Chairmen, Keyvan Nouri, MD, and Terry Cronin, Jr., MD, have once again assembled an outstanding faculty of experts. This group of national, and distinguished Florida colleagues will share their knowledge.

We have an array of programs for the whole office. A Mohs histotech training and Practice Administrators Program will be offered on Friday and Saturday. Beck Consulting and Associates will be offering a two-day, hands-on Mohs histotech training course. In this comprehensive course, beginners to advanced technicians can hone their skills in embedding, staining and cutting. The Practice Administrators Program will feature dermatology billing presented by the AAD Practice Management staff. This is a great training opportunity for your entire staff.

No matter your interest in dermatologic surgery, there is something for you in our program. There will be a variety of presentations on excisions, Mohs surgery, reconstruction, pathology, office efficiency, fillers and lasers. Virtually no aspect of dermatologic surgery will go unaddressed.

Our Annual Business Meeting will be held Saturday after lunch. We will hear a report from the FSDDS updating us on our sister society’s advocacy activities. Plan to attend the Welcome Reception in the exhibit hall on Friday Evening. This is great opportunity to show our appreciation for their support. Join us in your best Hawaiian shirt for a Tropical evening to include dinner and a live band.

This meeting promises to be a highly informative, exciting and collegial event.

See you in Orlando!

Betsy Beers, MD
President
Florida Society of Dermatologic Surgeons
The mission of the Florida Society of Dermatologic Surgeons is to maintain the highest standards of the dermatological surgery practice and to provide an educational opportunity where we can share our experiences, exchange ideas and expand our knowledge in order to strengthen our expertise. It is a great honor for me to be the Program Co-Chairman for such a distinguished, respectable society and I thank you for your continuous support.

This year an exciting meeting awaits us. It gives me great pleasure to invite you to the 38th Annual Meeting of the Florida Society of Dermatologic Surgeons, “Advances in Dermatologic Surgery”. Once again our dedicated team was able to organize an outstanding educational session in a warm and inviting setting. We have congregated an exceptional team of colleagues to enlighten us with their knowledge and expertise in dermatological advances. I encourage you to participate in this year’s meeting as it has been previously recognized worldwide as one of the broadest and most informative sessions in dermatologic surgery.

I extend my most sincere gratitude to the program committee which I had the opportunity to work with while organizing this year’s meeting: Dr. Betsy Beers, FSDS President and Dr. Terrence Cronin, Jr., FSDS Co-Program Chairman for their contributions and support to make this program an exceptional one; Nicole Faulkner, FSDS Executive Director for their excellent work and assistance with the program coordination. I look forward to working with the Program Committee in forming our future annual meeting, as they are great learning experiences for all of us.

Our most sincere effort was place into organizing this activity and we hope all will enjoy.

Best Regards,

Keyvan Nouri, MD
Program Co-Chairman
Florida Society of Dermatologic Surgeons
COURSE OVERVIEW

Advances in Dermatologic Surgery™

• An educational program designed to give dermatologic surgeons the opportunity to gain knowledge on the latest and most advance techniques of dermatologic surgery.
• Includes didactic lectures presented by national and international experts, live demonstrations plus time for informal sharing of information.
• Topics include the diagnosis and treatment of varies skin cancers, wound closures, reconstructive surgery, advances in injectables and fillers, Mohs surgery, laser treatments for skin conditions, dermatopathology and other related topics.

TARGET AUDIENCE

This course is designed for Dermatologic Surgeons, Dermatology Residents, Otolaryngologists, Plastic Surgeons and Ophthalmologists who are interested in dermatologic surgery. Practice Administrators and Mohs techs should plan to attend programs dedicated to their specialty. See page 7 for details on these programs.

COURSE OBJECTIVES

Upon conclusion of this program, participants should be able to:
• incorporate new laser treatments for more effective treatment of skin conditions
• discuss the advantages/disadvantages of various reconstruction options
• identify new filler techniques and discuss how to treat reactions caused by fillers
• interpret aesthetics in dermatology
• integrate new ideas for treating varies skin cancers for optimal patient outcome

DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION

All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

SERVICES FOR THE DISABLED

If special arrangements are required for an individual with a disability to attend this conference, contact Florida Society of Dermatologic Surgeons at 904.292.0051 or fsds@fsds.org.

Join us for a tropical evening in your best floral!

Saturday evening is sure to be remembered as we kick off the evening with the President’s reception, followed by dinner. The casual tropical vibes and live entertainment will carry us through the evening with great company, delicious food and of course, dancing!

Tickets for the Saturday evening event are $75.00 and must be purchased in advance. Residents/Medical Students/Fellows who register for the conference may purchased discounted tickets for $25.00.

Location: The Ritz-Carlton Orlando, Grande Lakes
Time: Reception at 6:30 PM • Dinner and Dancing at 7:00 PM
Attire: Casual tropical

Practice Administrator Program

The FSDS is proud to once again sponsor the Practice Administrators Program, a 2-day meeting designed specifically for administrators working in dermatology practices. This is a great opportunity to educate your office staff. This meeting will help answer questions on how to build a successful practice management and keep winning team, HR compliance, security for your office, network and patient data and how to market your practice. Coding updates for 2019 and the future will be provided by AAD Coding staff.

Please visit our website for more information and to register!

Mohs Tech Workshop

Beck Consulting & Associates is holding a two-day hands-on workshop for Mohs techs at the FSDS. This training has been approved for accreditation through the National Society for Histotechnology.

At this training workshop, your tech will learn:
• Cell structure and tumor identification
• Techniques for correcting stain irregularities for frozen sections
• Advanced equipment and microscope maintenance
• Embedding techniques for all sections; frozen section biopsies, excisions and full section for Mohs
• Hands on cutting workshop for trouble shooting on cryostat
• Steps for “faster turn-a-roundtime”

There will also be lectures on helpful tips for trouble-shooting and review for CLIA compliance.

For more information, contact us at Beckconsulting.us@gmail.com
