Upcoming Dates: -

- a. August 2nd-August 5th = FTBA Convention
- b. September 20th = FTBA Safety Committee Conference Call at 9AM

MEETING MINUTES:

1. Updates

A. SCTPP information from Brad Sant

- i. Goal is to get help construction professionals prove basic safety competency through certification.
- ii. The knowledge gained through certification throughout the industry will help reduce the number of workers being injured or killed in work zones. This number hasn't changed much in the past ten years.
- iii. Working in tandem with DOT's in other states (specifically Texas right now) will help increase awareness of the program and increase the number of certified professionals.
- iv. ARTBA has also completed a new re-write of an OSHA 10 Course to prepare construction professionals for the certification exam. Could use help writing quizzes for the different modules.
- v. This topic will be discussed further at the upcoming FTBA convention.

B. Membership and Marketing Committee (Mandy Kustra)

- i. No significant changes since last meeting.
- ii. Group discussion
 - a. In order to get more involvement with the Safety Committee's LinkedIn group page, Stacy will disseminate instructions for joining the group to other FTBA members and industry professionals.

C. Technology Committee (Bill Phelps)

- i. No significant changes since last meeting.
- ii. Please continue to share resources via the LinkedIn group page.

D. Training Committee (Bryan Stone)

- i. Will focus on OSHA 10 Hour training
- ii. Need help/volunteers to provide facilities as well as offer their services providing training.
- iii. Please let Mark Ligon or Bryan Stone know if you are interested in helping deliver training.

E. Resource Development Committee

- i. No significant changes since last meeting.
- ii. Still working towards how to best incorporate resources within the Safety Committee's page on the FTBA website.

2. Other Discussion

- A. At upcoming FTBA Convention (August 2nd-August 5th), Mark and Phillip will focus on the certification/training opportunities that are being made available as well as the revival of the Safety Committee.
 - i. Need to get executives on board with promoting the committee's mission and focus on increasing membership as a whole.
 - ii. The impressive list of FTBA members may be used as an incentive for other companies/organizations to join.
