FOX VALLEY - HEALTHCARE EMERGENCY READINESS COALITION
FV-HERC is here for your community.
OUR MISSION

To be the most effective multidisciplinary, multi-organizational team dedicated to facilitate coordination and communication FV-HERC (East Central) healthcare organizations, local and state response agencies regarding preparedness planning and response as it pertains to emerging and emergent disaster events.

The Fox Valley HERC is a multi-disciplinary team working to:
Educate the community and partner organizations, and assist and prepare the members of the Healthcare Coalition and the FV-HERC members to prepare to help protect our communities.

FV-HERC
---

The Fox Valley Healthcare Emergency Readiness Coalition (FV-HERC) is located in East Central Wisconsin. The FVAHCC was established in July 2015. The purpose of the coalition is to assist healthcare partners and providers in responding effectively to emergency events, and remain viable through recovery.

FV-HERC is one of seven Healthcare coalitions in the state of Wisconsin. The FV-HERC is sustained by grant funding agencies that are committed to working together to build effective response capabilities in our community.
