

IN PARTNERSHIP WITH

CHICAGO
AREA
DEVELOPERS

HIRE360 is an Industry Led, Worker Centered and Community Focused nonprofit dedicated to getting contractors the workforce they need. Our “demand” driven approach to workforce development allows direct connection with employers and unions to develop workforce recruitment and training programs that meet the specific and timely employment needs of the construction sector. As a workforce intermediary, we identify, recruit, skill up and help community members navigate the apprenticeship process. We serve as recruiters of talent and the finishing point before employment.

HIRE360...

- Supports diverse job seekers with tools, resources, and training tailored to each candidate to help them get into and complete an apprenticeship
- Provides a trained workforce for general contractors and subcontractors – we are focusing on new apprentices but are growing a database of current apprentices and journey workers
- Acts as a resource for you to recruit community members in the immediate area surrounding your project site
- Offers mentoring and a loan pool for small and emerging businesses to help Minority- and Women-owned firms grow

Interested in learning more? Fill out our [Job Order form](#) to share your hiring needs. Our Industry Representatives will follow up with you to confirm project details and discuss how we can place candidates to fit your needs.
