# Certified Board Secretary Programme

# Certified Board Secretary Programme

## Overview

Board secretaries have an important role to play as governance professionals in all types of organisations in the private, public, and not-for-profit sectors. Governance is about more than just complying with laws, regulations, standards, and codes; it is also about creating cultures of good practice. This means that board secretaries need more than the technical skills and experience to know what corporate governance practices are needed in an organisation and why.

They also need the emotional intelligence, skills, and experience to ensure that they know how the practices typically would be implemented to work effectively. The modern board secretary provides professional guidance to shareholders, boards, individual directors, management, and other stakeholders on the governance aspects of strategic decisions.

## The Programme

The Programme will consist of four workshops:

- The Board Secretary Role – Governance and Decision-Making
- The Board Secretary Role – Board Members
- The Board Secretary Role – Shareholders and Other Stakeholders
- The Board Secretary Role – Strategy & Risk

Participants can attend one, two or three workshops or all four, but if they wish to be certified they must attend all four and pass the exams.

## Objectives

This programme will help the board secretary to act as a bridge for information, communication, advice, and arbitration between the board and management and between the organisation and its shareholders and stakeholders. The programme will support the board secretary to fully understand their roles and responsibilities in relation to all stakeholders in the corporate governance system.

This programme is designed to provide participants with the knowledge, skills and practical tips for carrying out their duties as board secretary.

The programme will be interactive and skills-based, providing participants with practical examples.

## Certification

If a participant wishes to be certified, they must attend all four workshops and pass the multiple choice exam at the end of each workshop.

## Who should attend?

- Appointed and aspiring board secretaries, company secretaries and governance professionals.
- Anyone involved in company law and regulatory compliance.
- Anyone who has responsibility for corporate governance and is seeking a better understanding of the role of the board secretary.
