

OCTOBER 2020

## **Compliance Matrix Series**

GICA is hosting the 2020-2021 Compliance Matrix Series consisting of six webinars created exclusively for Compliance Collaborative Program institutions. Each webinar will provide an overview of a compliance initiative, including how to develop a compliance risk assessment matrix. Additionally, each webinar will focus on specific laws in a topic area that your institutions must be aware of and for which compliance is required. Attendees will receive a PowerPoint that details the compliance risk assessment process and an Excel spreadsheet consisting of applicable federal laws and resources. Each webinar will feature a different speaker.

The October 6th webinar will focus on laws in the HR arena with presenter Judy Spain, J.D., CCEP, GICA CCP Consultant. The November 10th webinar will focus on Environmental Safety laws with presenter Jackie Baxley, PE, Practice Leader, EHS, HRP Associates, Inc.

The Compliance Matrix Series is as follows:

## **Jeanne Clery Act – Critical Compliance Issues & a Multidisciplinary Framework for Campus Safety**

GICA is hosting a webinar open to ALL GICA institutions focusing on Jeanne Clery Act on Tuesday, October 13 from 2:00 to 3:30 pm. As the U.S. Department of Education has stepped up the Clery Act enforcement – including multimillion dollar fines and ongoing monitoring agreements – this program will offer an overview of both critical compliance issues and how to use the Clery Act as a framework for safer campuses.

This session will focus on three major areas:

- Annual Security Report – providing information about how to assemble and publish an ASR (This is usually due October 1st; however, due to COVID-19, this year’s deadline has been extended to December 31st).
- Alcohol & Other Drug Violations – providing information about how to coordinate the collection, classification, and counting of offenses, including arrests and disciplinary referrals.
- Campus Safety Framework –providing guidance on how to develop structures, including institution-wide policies and multidisciplinary committees, to take collaboration beyond mere compliance.

If your institution is a CCP member, there is no cost for the webinar. If your institution is not a CCP member, there is a single institution registration fee of \$100. Speakers are S. Daniel Carter, President, and Melissa O’Brien, Associate, SAFE Campuses, LLC. Click [here](#) to register.

## **Litigation Series Webinars**

GICA is hosting the 2020-2021 Litigation Series consisting of three webinars created exclusively for Compliance Collaborative Program institutions. The first two webinars focus on the plaintiff’s and institution’s different perspectives of the litigation process. The third webinar focuses on explaining an OCR audit process on your campus.

The October 20, 2020 webinar details the institution’s steps when a lawsuit involving a Title IX matter arrives at your doorstep. Covering a myriad of topics ranging from litigation holds (preservation directives), what are depositions, what is an anticipated timeline, what role will institutional members play, and other subjects, the webinar will provide a practical explanation of the litigation process. While this webinar will use a lawsuit involving a Title IX matter as the example, the provided guidance and information is appropriate and necessary for any employee representative of the institution who might ever be involved in litigation. Presenter is Candace McLaren Lanham, J.D., Partner, Saul Ewing Arnstein &Lehr LLP.

Litigation Series Webinars:

## McGraw-Hill's Inclusive Access Program

GICA is proud to partner with McGraw-Hill to offer savings to institutions via a collaborative pricing agreement for Textbooks and Digital Learning Products through Inclusive Access. Now more than ever, access for all students to affordable and engaging course materials is key to their success. Inclusive Access enables your institution to streamline the distribution of content and courseware through digital delivery on or before the first day of class without access codes. This model can help improve retention rates, offer more affordable solutions and deliver more workforce-ready graduates. McGraw-Hill's partnership with GICA is aligned to deliver value while keeping the costs of content affordable to students. To learn more please visit McGraw Hill's Inclusive Access webpage.

Learning tools and institutional services available to GICA members include:

- Affordable Learning Solutions: Based on GICA's curriculum and enrollments, McGraw-Hill can provide discounted access to digital content, e-books, print on demand books, interactive exercises and testing materials, and teaching support.
- Curriculum Coverage: McGraw-Hill provides learning materials across all course areas, from college readiness and general education to degree-granting courses and programs.
- Academic Choice: McGraw-Hill's wide range of quality learning materials across the curriculum allow for greatest faculty choice and teaching flexibility.
- Accessibility: McGraw-Hill learning solutions are designed to support the internationally established and shared Web Content Accessibility Guidelines (WCAG 2.0). Our commitment to support WCAG 2.0 means we strive to provide students with disabilities timely access to solutions that plug-and-play with the assistive technologies integrated into a variety of devices, including screen reader technologies, desktops, laptops, and mobile devices.
- Technical Integration: All curriculum materials, grading, and reporting tools integrate with GICA members' learning management and campus reporting systems.
- Faculty and Student Training: McGraw-Hill provides comprehensive training for both students and faculty on the use of any chosen digital content and

course learning materials.
