PREFACE

The GRPA State Athletic Committee is charged with the responsibility of the organization, conduct, supervision, and evaluation of an athletic program for Georgia residents on a statewide basis for its members and affiliated groups. Authority for the committee is found in the CONSTITUTION AND BY-LAWS of the GEORGIA RECREATION AND PARK ASSOCIATION, INCORPORATED.

The State Athletic Committee, mindful of its function and the authority vested in it by the members of the Georgia Recreation & Park Association, has set forth rules and regulations of which the objects and purposes are as follows:

1. To unite one organization in all competitive athletics conducted by agency members of GRPA;
2. To promote and maintain high standards of athletic competition and sportsmanship in Georgia;
3. To promote and provide the best training and guidance for athletic coaches and game officials;
4. To promote recognition of recreation sports for Georgia residents;
5. To improve and expand athletic participation;
6. To provide athletic and professional fellowship;
7. To assist in any practical way, the improvement of athletic competition throughout Georgia and to promote and regulate state championships where desirable and practical; and
8. To function in such a manner as will further the interests of athletic competition in Georgia and to promote the Georgia Recreation and Parks Association, Inc.

THE ATHLETIC MANUAL is the official publication of the GRPA State Athletic Committee with its intent and purpose being to provide rules and guidelines for athletic programs throughout the State of Georgia. Reference is to types of activities, specific rules and qualifications for participants. The Athletic Manual is revised periodically, as the State Athletic Committee deems necessary. Manuals are to be made available at nominal costs to individuals and without charge to GRPA agency members, GRPA district commissioners, State Athletic Committee members and such organizations deemed appropriate by the committee chairperson.

The State Athletic Committee will serve as final authority on the interpretation of the rules and regulations established in this Athletic Manual of the Georgia Recreation and Park Association, Inc. The Athletic Manual is reviewed yearly with Rule Change requests received and voted upon every two years. Rules changes are voted on by simple majority for those rules that were submitted on time and distributed for review prior to the meeting. For any rule change that is made from the floor or requested by agency members on the date of the meeting must be approved by 2/3 of the members present for the rule to be adopted. Any rule changes made during non-rule change submittals will follow Robert’s Rule of Order, as amended. For any matter to be reconsidered it must be motioned and seconded by the prevailing party and passed by 2/3 of members present. After motion is back on the floor it will follow Robert’s Rules of Order as amended and be subject to a simple majority vote. Rule changes that are made by National Governing Bodies that affect GRPA Athletic Manual will be voted on by the Committee during non-rule change year by simple majority.

State Host Bids received by the date required will be distributed to all members prior to the meeting to discuss with their respective districts. Bids may only be taken from the floor if there are no bids submitted by the due date or if sole bidder withdraws their name. State host bids will be determined by a simple majority vote.

The Fundamentals of Good Sportsmanship

GRPA will be emphasizing the importance of GOOD SPORTSMANSHIP. The one thing we need to realize is that many people have not had GOOD SPORTSMANSHIP explained to them. It is earnestly hoped that the following will help everyone to understand their responsibilities at an athletic contest.

1. GAIN AN UNDERSTANDING AND APPRECIATION FOR THE RULES OF THE GAME CONTEST/EVENT.
2. EXERCISE REPRESENTATIVE BEHAVIOR AT ALL TIMES.
3. RECOGNIZE AND APPRECIATE SKILLS PERFORMANCES OF ALL ATHLETES AND/OR COMMUNITIES REGARDLESS OF AFFILIATION.
4. EXHIBIT RESPECT FOR THE OFFICIALS.
5. OPENLY DISPLAY RESPECT FOR THE OPPONENT AT ALL TIMES.
6. DISPLAY PRIDE IN YOUR ACTIONS AT EVERY OPPORTUNITY.

To reinforce this philosophy, the following statement must be read before all contests at GRPA district and state level competitions:

GRPA SPORTSMANSHIP STATEMENT

“The Georgia Recreation and Park Association and its member agencies have made a commitment to promote good sportsmanship by athletes, coaches, and spectators at all GRPA sanctioned events. Profanity, degrading remarks, and intimidating actions directed at officials or competitors will not be tolerated, and are grounds for removal from the event site. Spectators are not allowed to enter the competition area during warm-ups or while the contest is being conducted. Thank you for your cooperation in the promotion of good sportsmanship at today’s event.”

Guidelines for Behavior

or “What Your Fellow Players Expect of YOU!”

1. Exemplify the highest moral character, behavior and leadership, adhering to strong standards of ethics and integrity.
2. Respect the integrity and personality of the individual athlete.
3. Abide by and teach the rules of the game in letter and in spirit.
4. Set a good example for coaches, players and spectators to follow. Please:
   a. Refrain from arguments in front of players and spectators.
   b. Make no gestures which indicate an official or opposing coach does not know what he or she is doing or talking about.
   c. Do not throw any object in disgust.
   d. Coaches - shake hands with the officials and the opposing coaches before and after the contest in full view of the public.
5. Display modesty in victory and graciousness in defeat in public and in meeting/talking with the media. Please confine your remarks to game statistics and to the performance of your team.
6. Be no party to the use of profanity or obscene language, or improper actions. Accept and understand the seriousness of your responsibility and the privilege of representing the department and the community.
7. Learn the rules of the game thoroughly and discuss them with parents, fans, fellow coaches, and athletes. This will assist both them and you in the achievement of a better understanding and appreciation of the game.

8. Teach good sportsmanship and reward teams/teammates who are good sports.

9. Treat opponents the way you would like to be treated, as a guest or friend. Who better than you can understand all the hard work and team effort that is required of your sport? Never direct remarks at opponents in a taunting manner.

10. Wish opponents good luck before the game and congratulate them in a sincere manner; just as you would like to be greeted following either victory or defeat.

11. Respect the integrity and judgment of game officials. The officials are doing their best to help promote you and your sport. Treat them with respect, even if you disagree with their judgment, and your reputation will only benefit. Leave a positive impression of you and your team in the eyes of the officials and all people at the event.

12. Understand the seriousness and responsibility of your role and the privilege of representing the department and the community in which you live.

13. Establish standards of desirable behavior and attempt to transfer that to your spectators.

14. Select positive comments which praise your team without antagonizing the opponents.

15. Encourage a positive crowd alternative when booing or an inappropriate behavior begins.

16. Give encouragement to injured players and recognition to outstanding performances for both teams.

17. Remember: recreational athletics are learning experiences for participants and mistakes are sometimes made. Praise athletes in their attempt to improve themselves both as young athletes and as people.

18. Spectators need to understand that a ticket/admission to an event is a privilege to observe the contest, not a license to verbally assault others and be generally obnoxious. You also are a direct reflection on your community/program.

19. Refrain from the use of any controlled substances (alcohol, drugs, etc.) before and during games and afterwards on or near the site of the event (i.e., tailgating).

20. In all you do, promote ideals and fundamentals of good sportsmanship.

21. Speak out about acts of sportsmanlike behavior and do not give undue publicity to unsportsmanlike conduct.

22. Refrain from making negative comments toward participants, coaches, or officials.

23. Report facts without demonstrating partiality to either team.

Guidelines for Behavior of Recreation Staff & Officials
or “What Your Fellow Community Members Expect of YOU!”

1. Accept your role in an unassuming manner. Showboating and over-officiating are not acceptable.

2. Maintain confidence and poise, controlling the contest from start to finish.

3. Know the rules of the game thoroughly and abide by the established Good Sportsmanship Code.

4. Publicly shake hands with coaches of both teams before the contest.

5. Never exhibit negative emotions or argue with participants and coaches when enforcing rules.
6. When watching a game as a spectator, give the officials the same respect you expect to receive when working a contest.

7. Develop a program for teaching and promoting the ideals and fundamentals of Good Sportsmanship within the program and the state association.

8. Provide appropriate supervisory personnel for each event.

9. Support participants, coaches, and fans that teach and display good sportsmanship.

10. Recognize exemplary behavior and actively discourage undesirable conduct by participants, coaches, and fans.

11. Serve as a positive role model and expect the same from parents, fans, participants, coaches, and other school personnel.

Guidelines for Behavior of Recreation Staff & Officials
or “Acceptable Behavior Expected of YOU!”

1. Applause during introduction of players, coaches, and officials.

2. Players shaking hands with opponent who fouls out while both sets of fans recognize player’s performance with applause.

3. Accept all decisions of officials.

4. Handshakes between participants and coaches at end of contest, regardless of outcome.

5. Treat competition as a game, not a war.

6. Coaches/players search out opposing participants to recognize them for outstanding performance and coaching.

7. Positive cheering by players, coaches, and spectators is encouraged.

8. Applause at end of contest for performances of all participants.

9. Everyone showing concern for an injured player, regardless of team.

10. Encourage surrounding people to display only sportsmanlike conduct.

Guidelines for Unacceptable Behavior
or “Would You Want Your Mama to See You Acting Like That?”

1. For all GRPA competitions at the district or state level, any negative cheering/hollering may result in a warning and/or removal from the site, whether it is for or against your team. Use of artificial noisemakers in the dugouts, bleachers, seats, and standing areas around the perimeter of the competition in all youth sports IS NOT ALLOWED. The Tournament Director is empowered with the authority to make the final decision.

2. Use of tobacco in any form on the competition area or on the bench by participants, coaches, or officials, regardless of local rules, IS NOT ALLOWED.

3. Yelling or waiving arms during opponent’s free-throw attempt, serve, at-bat, start, etc.

4. Disrespectful or derogatory yells, chants, songs, or gestures.

5. Booing or heckling an official’s decision.

6. Criticizing officials in any way or displays of temper in response to an official’s call.

7. Yells which antagonize opponents.
8. **Refusing** to shake hands or give recognition for good performance.
9. **Blaming loss** of game on officials, coaches, or participants.
10. **Laughing or name-calling** to distract an opponent.
11. Use of **profanity or displays of anger** that draw attention away from the game.
12. **Pulling team off** of the field/court.

**Penalties for Unacceptable Behavior**

Any parent or spectator acting in an unsportsmanlike manner or in any way that could prove detrimental to any player, official, coach, or another spectator will be subject to disciplinary action by their respective recreation department and the GRPA State Athletic Committee:

1. Language unbecoming to the league/event (Suspension: 1 game)
2. Touching or striking a coach or official (Suspension: indefinite)
3. Unsportsmanlike conduct at an athletic event/program (Suspension: 1 game)
4. Damage to recreation property (Suspension: indefinite)

Any player or coach ejected from a game for unsportsmanlike conduct will be suspended for one game, in addition to the game from which ejected; or, in the case of an individual event within a meet or match, for the duration of that event.

1. A forfeited (not played) game shall not be counted as a sit-out game for an ejected player.
2. Thrown out of a game/contest/event (suspension remainder of present game/contest/event, suspension next game, and must leave the park immediately)

**Code of Conduct**

The GRPA State Athletic Committee and Board of Trustees believe that **Good Sportsmanship** is a core value, and its promotion and practice are essential. Participants, parents, officials, administrators, and spectators have a duty to assure their teams/communities promote the development of good character.

This code of conduct applies to all participants involved in athletics and GRPA-sponsored activities/events.

1. Participants will advocate, model, and promote the development of good character to include trustworthiness, respect, responsibility, teamwork, fairness, caring, and citizenship while promoting emotional, physical, and moral well-being above desires and pressure to win.
2. Participants will respect peers, coaches, officials, opponents, and others associated with the event.
3. Participants will promote fair play and uphold the spirit of the rules in the activity.
4. Participants will model appropriate behavior at all times.
5. Participants will engage in a healthy lifestyle.
RULES OF INTEREST

It is imperative that each agency, team, or personnel having responsibility for teams and/or individuals entering GRPA competition be familiar with the following guidelines, policies, and procedures of the GRPA State Athletic Committee. All of the items to follow are either required or highly recommended to be followed. When an item is “Highly Recommended” or “Recommended,” the State Committee asks for everyone’s cooperation in following such recommendations.

1. Entries
   a. An agency may enter as many teams as it wishes in all divisions, provided the District does not establish an entry limit.
b. A District not conducting a district-level tournament or playoff may allow team/s to represent their district per GRPA regulations as stated in Rule 1, Article IV, Section C.

c. Entry withdrawals must be made prior to the deadline established by the state athletic committee at that sport’s entry meeting.

d. Those Districts entering GRPA state level of competition and who do not fulfill their commitment to send a team or teams to the State Tournament will be responsible for entry fees, forfeits, and fines. Districts/agencies will also have to pay all costs for trophies if the withdrawal causes the cancellation of the tournament/event

2. Participants and Participation

a. A participant is allowed to compete in one age division only in the same sport/event. Youth participants may compete in an older youth age group provided they remain in the same older group for all games AND through all levels of competition. In tennis, adults are allowed to compete in a younger adult division under the same specifications of participation.

b. A participant may compete in district and state competition, provided he/she is not in violation of any rules or regulations in this manual.

c. There is no mandatory participation requirement in any GRPA sport.

d. Only persons whose names are approved on their agency’s GRPA Official Roster, who meet all eligibility requirements, and who are representing an agency not on current suspension for that sport in question may compete in GRPA events. Youth participants can only be submitted on one GRPA Roster per sport/event.

e. The use of ineligible players, in accordance with the rules in this Manual, shall result in immediate forfeiture from an event. Burden of proof rests with the protesting agency’s representative person. Any agency caught playing an illegal player will be suspended for one competition year in that sport.

3. Hardship Committee Guidelines

a. The committee will consist of eight members. The committee will consist of chairperson appointed by the State Athletic Chair; District Athletic Chairs from D2, D4, and D6 (even years) and district chair-elects from D1, D3, D5 and D7. The district chairs and chair-elects composure will rotate from year to year. The initial committee composition in 2013 was (4) district chairs from D1, D3, D5 and D7 and (3) district chair-elects from D2, D4, and D6.

b. The committee shall meet on an as needed basis. The committee will meet on the same day prior to the State Athletic Committee entry meeting.

c. Request to Hardship Committee shall be to set aside a rule or rules in the manual for the benefit of individuals or agencies. The Agency’s request must be submitted to the State Athletic Chair in writing one week prior to the scheduled SAC entries meeting. The agency requesting consideration MUST be represented by a full-time employee, which must also be a GRPA member, at the Hardship meeting. The agency’s request will not be heard if said representation is not present. Documentation is requested to support agencies request. If a full-time employee cannot attend due to extreme circumstances, the district athletic representative will be allowed to represent the agency.

d. The chairperson of the Hardship Committee will vote only in the event of a tie.
e. All classification appeals must go to Hardship Committee by due date (at least 30 days prior to state athletic meeting) with district recommendations. Hardship Committee will present to full Athletic Committee for final approval by two-thirds vote.

f. Decisions of the Hardship Committee must be approved by majority to take to the State Athletic Committee for final approval. Decisions made by the Hardship Committee, also called the Full Committee, shall not be considered as setting a precedent for any other request. Each request will stand on its own merit. The approval of the full athletic committee must be simple majority.

g. Every request to the Athletic Committee shall be considered.

h. Child hardships, once granted, stay with agency/child through uninterrupted playing career with agency.

i. The GRPA State Athletic Committee is the final authority.

4. District Tournaments, Pairings and Special Game Rules

a. Each district shall conduct its own tournament or playoff for each division by GRPA manual rules. The District must follow the rules of the game. The intention is to supply rules for game play, not how the tournaments are organized.

b. Pairings for all state tournaments will be determined by the State Athletic Bracket Committee, except individual sports, and with the Host Team or District representative playing an adjacent district representative in a game on the first day.

c. Youth activities cannot be originally scheduled for Sunday except for tackle football.

d. Game times are forfeit times.

e. The host team in a state tournament shall be a team from the host agency unless the tournament is being hosted by a different class then the district shall select a host from the proper classification.

5. Sportsmanship and Conduct (Detailed description is on pages 9-12 and pertains to all GRPA sports)

a. For all GRPA competitions at the district or state level, positive cheering by players, coaches and spectators is encouraged. Any negative cheering/hollering may result in a warning and/or removal from the site, whether it is for or against your team. No artificial noisemakers shall be allowed in the dugouts, bleachers, seats and standing areas around the perimeter of the competition in all youth sports. The tournament director is empowered with the authority to make the final decision.

b. No use of tobacco in any form is permitted on the competition area or on the bench by participants, coaches or officials, regardless of local rules.

c. Any player or coach ejected from a game for unsportsmanlike conduct will be suspended for one game, in addition to the game from which ejected, or in the case of an individual event within a meet or match, for the duration of that event. A forfeited (not played) game shall not be counted as a sit-out game for an ejected player.

6. All youth team and individual sports must have a certified coach (certified in the sport coaching) or a full-time staff person who is a GRPA member with their team, except under extenuating circumstances, which will be determined by the tournament director. This person must be on playing area and available at all times (dugout, bench, etc.).

AGENCY AND FORFEIT WITHDRAWAL FEES/FINES

1. There is an annual agency membership fee of due by January 30. After this date, a late fee will be added.

2. Any team who shows up to a GRPA district or state tournament wearing illegal uniforms or utilizing illegal equipment will be assessed a fine of $200. If a team has enough legal players to participate, they will be allowed to play and the other members would have to sit out until their uniforms/equipment meets guidelines per various sport rules. If they do not have enough to play then they would have to forfeit (forfeit fees apply). PLEASE CHECK SPECIFIC SPORT RULES concerning violations of uniforms and how penalties will be assessed. GRPA reserves the right to fine any agency not adhering to uniform guidelines in GRPA play. i.e. Basketball is a technical foul for every illegal uniform each game upon entry.

3. Any ejection of a youth or adult coach or adult player will result in a $50.00 fine, payable to the GRPA office. Any GRPA Agency Director, staff member or agency personal that is ejected from a GRPA event (District or State) be fined $250.00. This must be noted on the tournament report form.

4. Any team that pulls players off the field/court will be assessed the full forfeit fee of $375.00 with normal distribution of the fee.

5. Forfeit, withdrawal, and non-notification fees.
   a. The agency that forfeits will be placed on probation from that sport for one (1) year. The agency may appeal probation before the athletic committee.
      i. In the event of a forfeit or withdrawal after the bracket is drawn in a state competition, the team will be required to pay the entry fee to the state host and a forfeit fee of $375.00 with $125.00 going to the host from the GRPA Office. This fee applies to no shows and intentional forfeits.
      ii. Forfeits during pool play would be a forfeit fee of $750.00 payable to host.
   b. Districts entering GRPA state level of competition that do not fill their commitment to send a team or teams to the State Tournament will be responsible for forfeits, fines and trophies if the withdrawal causes the cancellation of the tournament/event.
   c. Any team that abandons their position in a GRPA tournament/event will be subject to suspension pending an investigation by GRPA State Athletic Committee.

6. Scratch fees for track and swimming are $10.00 per person per event payable to GRPA.

GRPA Athletic Manual

RULE I – PARTICIPATION REQUIREMENTS

ARTICLE I – ELIGIBILITY OF AGENCIES

SECTION A – GRPA MEMBERSHIP

1. Agencies must be members in good standing and all fees paid with the GRPA, Inc., to participate in the functions of its athletic programs. This includes both District and State membership dues.

2. An agency is defined as any agency organized for the purpose of providing recreation and parks services for a particular community and aligning its aims and objectives consistent with those of GRPA, Inc. To be eligible for agency membership, an agency must employ a full-time salaried director and sponsor a variety of activities and programs which are well distributed throughout the year.
   a. An agency may join as a provisional member if approved by the Board of Trustees and may participate in all activities for a period of two years.

3. To become a member of GRPA, agencies must make application to the GRPA Membership Committee and be approved by the Board of Trustees. Annual membership dues are required and must be paid to the

   GRPA, Inc.
   1285 Parker Road
   Conyers, GA 30094-5957

   Further information may be obtained by calling (770) 760-1403 or FAX (770) 760-1550.

4. An agency shall be eligible to participate in athletics upon the receipt of the GRPA membership fee and all district fees after membership has been approved. (NOTE: Each GRPA district establishes its own entry deadlines for GRPA athletic activities on a district level. Therefore, to be eligible for athletic participation, new agencies must be approved for membership and request entry for the athletic playoffs prior to the district entry deadline. Such requests for entry are to be made to the respective District Commissioner or the designated person and must be approved by the Board of Trustees). New agencies can participate provided they are approved prior to the appropriate district athletic draw.

ARTICLE II – ELIGIBILITY OF INDIVIDUALS AND TEAMS

SECTION A – LOCAL PARTICIPATION

1. Teams and individuals participating in the athletic functions of GRPA must be an integral part of an agency’s local program before they are eligible to represent that agency in GRPA competitions with all youth achieving the age of 7 by the age control date for a particular athletic event. There is no mandatory participation requirement for any GRPA sport.
   a. An “integral part of an agency’s local program” is defined as individuals who participated during their current season in the activity in question and under staff supervision of that agency. Participation means registering and being a part of that agency’s program as required by the local Director.
   b. Agencies shall not recruit players for the sole purpose of competing in GRPA athletic functions.
   c. An all-star team must be composed of players from teams that are an integral part of an agency’s local program. Likewise, any individual that represents an agency in GRPA competition in track & field, swimming, diving, tennis, golf, and gymnastics must also be an integral part of the agency’s local program.
   d. If an agency enters a team (only team from agency/ no all-star selection completed in age division) that will advance straight to state the agency must provide proof of participant
GRPA Athletic Manual

registration through the agency entering the team. This documentation is due at district entry meeting/deadline and signed off by the district athletic chairman.

2. Eligibility involving local participation is left to the integrity of the agency director. The Director shall be prepared to make available substantial proof of local participation through such means as scorebooks, registration materials, agency records, news releases, or such other evidence requested by the State Athletic Committee Chair or the District Commissioner from the agency’s district.

3. In the absence of enough participation locally to constitute a league, an agency may contract with another agency to allow participation of a team or must hold an announced public registration in that activity to establish eligibility of local participation.

4. All youth sports teams must have with their teams at least one certified coach or full-time staff person who is a member of GRPA. This person must be on the playing area (dugouts, bench, etc.) and available at all times, except under extenuating circumstances which will be determined by the tournament director.

5. Per the “Return to Play Act of 2013,” effective January 1, 2014, all agencies are required to provide concussion education material to all youth participants and their parents. The verification of compliance to this law is affirmed by the signature of the agency director on the GRPA roster.

Refer to page 16 for approved certification programs.

SECTION B – PARTICIPATION BOUNDARIES

1. For Adult Open Division: All players must be an integral part of an agency’s local program. Players must live or work/attend school full time in the State of Georgia.
   a. EXCEPTION: See Adult Pickleball rules for eligibility information.
   b. For Church Competition: the church must participate and be an integral part of the agency’s program. The church’s physical location must be in the state of Georgia.
   c. For Youth Competition:
      i. All players must participate in the county in which they reside/live (with a parent or legal guardian) or go to school full time. “If the player’s parents are divorced and the court has awarded joint custody of the child, the player is eligible to play for the agency/county where either parent resides.” Youth cannot establish eligibility by employment. Summer school or part-time employment will not be used to determine eligibility requirements from Grades K-12. Check individual sport sections for eligibility requirements.
      ii. Youth teams may play in either class A, B, or C according to their county’s population or per their appeals to another classification.
      iii. If a current full time GRPA professional of 1 or more years of a GRPA member agency has a child who plays in that agency’s program but does not attend school or reside in that county, he or she will be eligible for youth GRPA competition in all sports.
   d. Youth Team Sports: For all team sports allow within district lines for individuals to compete in the nearest or adjoin departments with the following restrictions:
      i. Home/County, or Agency has no program.
      ii. Cannot cross district lines.
      iii. Cannot pass over a program to participate in another agency.
      iv. Must participate in the sport program in the host agency.
GRPA Athletic Manual

v. Host agency must endorse participant.

vi. Participant must be approved by District Athletic Chair. Once approved, they are legal throughout District and State.

vii. Host agency must notify the District Athletic Chair with list and Home/County of each crossover participant. The district must forward info to the State Host and Athletic Chair.

2. Eligibility Definitions

a. RESIDE: Shall mean the permanent residence of a participant within a geographic locale, such as a city or a county for a period of sixty (60) days prior to the beginning of the State Tournament. Exception: Under extenuating circumstances, children may participate provided residency is established with a parent and/or legal guardian, but must meet all other criteria for participation. Once a player meets criteria as a resident and plays in District, he/she is eligible through State to play in youth and adult programs. The construction of a home or dwelling in anticipation of moving from one county to another, or the signature of a lease in anticipation of moving from one county to another does not constitute eligibility. The actual date of occupancy shall constitute the completion of a move. Ownership of land, buildings, property, dwellings, or the possession of a post office box in more than one county does not constitute eligibility and in no case does the possession of a post office box constitute eligibility.

i. The enrollment in a school in advance of attendance at no time constitutes the establishment of eligibility. Eligibility is established once actual attendance has begun. Registering to be home schooled does NOT make you eligible for GRPA until that county’s Board of Education starts classes.

3. WORK: Shall mean the ongoing, gainful employment, on a full-time basis, enjoyed by a salaried employee. Service contract employment, investment, stock-holdings, etc., shall not be constructed to mean “gainful employment.” A person shall be employed for a period of forty-five (45) days prior to the beginning of the State Tournament and must work a minimum of 30 hours per week. In “multi-location” industries or branch offices, a person shall not claim “multi-county” eligibility status. He shall be deemed for the work eligibility according to the following tests: (a) his branch location, (b) his assignment per personnel directory, (c) extraction of transportation, (d) receipt of pay, not the source of payroll, and (e) location of his primary office. A salesman and/or a person in specialized services who travels an area, district, or region, such as an insurance person or road test engineer, shall deem his permanent residence as his work locale, unless he meets all previous tests.

4. ATTEND SCHOOL FULL-TIME – shall mean a student of a full-time elementary or secondary education system or facility. Post-secondary students (college or vocational) shall mean those students attending college or vocational school on a full-time basis. A full-time student must attend at least three quarters per year or two semesters with a minimum of twelve (12) hours per quarter/semester to be considered a full-time student. Summer school will not be used to establish eligibility for Grades K-12. Students who are home schooled must play in county of legal residency or in county they are registered with the board of education as home schooled.

a. The enrollment in a school in advance of attendance at no time constitutes the establishment of eligibility. Eligibility is established once actual attendance has begun. Registering to be home schooled does NOT make you eligible for GRPA until that county’s Board of Education starts classes.

SECTION C – PROFESSIONAL AND SEMI-PROFESSIONAL ATHLETES

1. Students who participate on a college or university’s varsity, or freshmen team, which competes with other colleges, are not eligible for GRPA competition in the same sport.
2. If a local league is organized which allows participation by inter-collegiate team members of the same sport, the local league must be sanctioned by the NCAA. (Example: Summer Basketball League)

3. Regardless of intercollegiate participation during the normal school year, a college or university student is eligible for summer athletic functions sponsored by GRPA, provided the student is not currently representing a college in competition between other schools, and provided he/she meets all other GRPA eligibility requirements.

4. No professional athlete will be allowed to participate in that sport during the time they are under professional contract.

SECTION D – SCHOOL TEAM PARTICIPATION

1. No boy or girl in the ninth grade that is 15 years of age or older may participate in the same sport of GRPA competition and school activities during the same period of time if the school activities are with another school or with students from another school or with students from another school (even within the same system) that the child does not attend regularly. This applies to both public and private schools. Middle school and 9th grade athletes that are 14 years of age or younger are eligible to participate in GRPA athletics provided all other GRPA eligibility requirements are met. However, any athlete regardless of age, that is on a high school (Varsity or sub-varsity) eligibility roster, except summer sports, is not eligible to participate in GRPA athletics.
   a. “Periods of time” shall be interpreted to mean from the time a player participates with a school team until the end of the GRPA season in that sport. Note: periods of time shall include activities from August 1 through May 31.
   b. School clubs are not affected. (Example: Hi-Y, 4-H, FHA, etc.)
   c. A child in the ninth grade that is 15 years of age or older shall be allowed to participate in a school team’s immediate preseason tryouts provided the school has announced it as a tryout. If the child fails to make the team, the child may then participate with a recreation agency; and if all other eligibility requirements are met, may also compete in GRPA functions provided that during these immediate preseason tryout sessions, the participant in question did not represent his or her school as a team member in a game with another school.
   d. These restrictions apply to both public and private school. Special Note: Participation is defined as dressing out, listed on roster, or sitting on bench or sideline in team uniform, (whether the player enters game or not). If a player makes the team and quits before the team’s first game against another school, he/she is eligible for GRPA play.

2. When a recreation agency and a school jointly co-sponsor an athletic program by sharing the expenses for such a program, through use of each other’s facilities, or by registering participants at community schools or community recreation centers, the participants in such a program shall be eligible for GRPA competition only if the following stipulations are in actual effect.
   a. A child shall be allowed to play in GRPA competition if an athletic activity at school is intramural in nature (involving only students from one school not school board or district) and there is absolutely no competition with another school during school term at the local school.
   b. Recreation youth teams (all age groups) may not participate in any kind of game or scrimmage with a school team. A team that plays or scrimmages a school team will not be eligible for GRPA competition.

3. When a school team’s current athletic program’s season is completed (all state playoffs in that particular sport are completed), a student who participated in that completed sport shall be allowed to participate in a GRPA function involving a different sport provided the participant meets all other GRPA eligibility requirements.
requirements. NOTE: Once the normal school year ends after the spring semester, a player may represent an agency during the summer months in the same sport in which he or she represented a school during the school year, provided the participant has not yet begun participating in a school-sponsored athletic event, such as football preseason drills in August effective as of dates established by the Georgia High School Association. (Examples: Tennis in July or August, and swimming in August.)

SECTION E – ADULT, CHURCH, INDUSTRIAL, AND OPEN DIVISIONS

1. For church adult divisions in basketball, softball, and volleyball, participants must be minister-approved members. Church must be physically located in the State of Georgia.
   a. The church team’s official GRPA Roster must be approved by the signature of the sponsoring church’s minister. The signature of the agency director or superintendent shall appear next to the signature of the minister.
   b. Only church teams are eligible to represent an agency in GRPA Church Divisions. No all-star teams are allowed, but a church is allowed to “pick up” additional players who did participate with a team in the agencies local program from that church during the regular season and for the purpose of playing in GRPA church competition. No league all-stars may play. Players must have competed in the agency’s local sport-specific program and meet all other GRPA requirements to participate in church play.

   CHURCH – A GRPA church team is a team composed of people from one church (no all-star league team) or people from several teams all from the same church who are all minister-approved members of that church. The requirement for the church membership is determined by the local church, its pastor/minister and/or governing board.
   A church is an organization set up to conduct public worship services conducted at a congregation and led by the clergyman. This organization must be recognized by a national, state, or local religious ministerial association to be considered a church. A group of people from an organization set up for the purpose of conducting civic responsibilities will not be considered a church for GRPA competition.

ARTICLE V – INCLEMENT WEATHER POLICY

1. Adverse Weather Situations:
   a. If severe weather warnings have been issued prior to game time, we will update the weather line of game status; updates will be posted between [3:00pm or 4:00pm].
   b. If severe weather warnings indicate the adverse weather will be active during game times then game are to be cancelled for player safety. If during a state or regional event then coordinate with representatives of that group.
   c. If a Tornado Warning has been issued/is out prior to play, no play/games will be played on that date. You will need to confirm each time this occurs upon or prior to your arrival by calling the office and/or weather line.
   d. If a game is in process when a Tornado Watch has been declared, staff will continue to monitor the situation and determine if the adverse weather is imminent that could create unsafe playing conditions or lengthy delays.
   e. If unsafe conditions are determined and confirmed by fulltime staff: /emergency personnel on site or by calling EMS/911 play needs to be stopped immediately and move players/public to a safe area. If out of doors, move inside or to vehicles (if safe) until it is safe to further evacuate. If caught outside and not safe indoor facility move to a low lying area and wait until safe to move to a more secure site/evacuation area or Red Cross Shelter.
   f. Do not ever force someone, especially a minor, to leave an area unless they have been left unattended and no parent/guardian is present. Should this become necessary then take the child to a safe location until further assistance can be obtained or parents notified to pick up the child.
   g. If the Tornado Warning Siren goes off during play, then suspend games immediately and move to a safe area. Do not place anyone in harm’s way insisting they stay unattended in open areas or sport complexes. Seek a safe way/zone for them to come inside a safe area if possible. If out of doors move inside or to vehicles (if safe) until it is safe to further evacuate. If caught outside and no safe indoor facility/site available then move to a low lying area and wait until safe to move to a more secure site/evacuation area or Red Cross Shelter. Do not ever force someone unless a minor to go anywhere unless no parent/guardian is NOT present. Low lying areas are often safer than vehicles. It is a personal choice as to where they relocate if adult or of consenting age or parental instruction if parent is present. If parent is not present then do your best to get person/child to as safe an area as possible.
   h. If Weather Alert Radio sounds alarm then listen to message. If emergency action should be immediately taken, move staff/crowd to a safe area. If a large number of people are present, then move to safest indoor location. If no safe indoor location then move to low lying area and watch out for flood levels. If flooding begins, then move to next safest area until help available or arrives.

2. Lightning Rules:
   a. When Lightning detector go off within 3-8 or 6-8 miles or lightning is seen the activity area is to be cleared and patrons moved to safety ASAP. After the Lightning detection system or App has cleared for a minimum of 30 minutes activities can be resumed until another warning occurs or has been heard/seen.
   b. When the lightning detection system does not clear after a 30 minute delay and timely clearing of the warning system is questionable [Typically after two 30 minute delays] the staff “on duty” shall suspend/delay activity upon consultation with full time staff. If fulltime staff is not
available then “on duty” staff should always ensure the safety of participants. This is determined by the facility manager and is dependent on the type of program involved.

c. Typically after two 30 minute delays games may be postponed or suspended. THIS DEPENDS ON DISTANCE TRAVELED, FIELD CONDITIONS AND PATRON SAFETY. WE CAN WAIT AS LONG AS FACILITY HOLDS UP OR BREAK IN WEATHER. Most instances it is better to let them leave and check back in xyz time if more than two/three 30 minute cycles have been sat out.

Acceptable Permanent Lightning Detectors comparable to Thor Guard, Guardian, Boltek and Sky Scan or handheld Lightning Detector by Sky Scan or other nationally recognized brands for detection of Lightning at various distances. **Apps like WeatherBug, Weather.gov (with lightning spark technology) are also acceptable.**
GRPA Athletic Manual

RULE III – ATHLETIC CLASSIFICATION

ARTICLE I – PURPOSE

In order to expand recreation athletic competition within the Georgia Recreation & Park Association, Inc., and to encourage new and smaller agencies to participate, the GRPA agency membership approved, in 1972, a system by which recreation agencies that participate in the GRPA athletic programs are classified for youth team events.

ARTICLE II – LIMITATIONS

Classification is limited to all youth team events: 8 & Under, 10 & Under, 12 & Under, 14 & Under, and 17 & Under divisions in all sports shall be classified except as mentioned in each sport section.

Individual and dual events such as track and field and swimming shall have two classifications. “A” will consist of all class “A” agencies and “B/C” shall consist of all others. There will be no classification for soccer, tennis, golf, or diving. Adult team sports shall not be subject to classification.

ARTICLE III – METHOD OF CLASSIFICATION

SECTION A – NUMBER OF CLASSIFICATIONS

There shall be three classifications designated as Class “A”, “B”, and “C.” Some sports may combine classes to provide opportunities for play. Some sports (soccer, basketball, etc.) may have more or less classes. Check sport sections for further information.

SECTION B – DETERMINATION OF CLASSIFICATION

The classification of any agency shall be determined by the figures of youth populations from the latest United States Bureau of the Census tabulation and shall be reviewed, usually every five years, upon availability of updated figures.

SECTION C – STANDARDS FOR CLASSIFICATION

Classification shall be based on the following:

1. Class A – Agencies in counties of 15,000 youth population or more (17 and under).
2. Class B – Agencies in counties of less than 15,000 youth and more than 5,000 (17 and under).
3. Class C – Agencies in counties of 5,000 or less youth population (17 and under).
4. All state, federal, private, military, or other related organizations participating are subject to youth population criteria to meet classification guidelines for 17 and under.

ARTICLE IV – APPEALS

SECTION A – CLASSIFICATION APPEAL

1. All agencies will remain in their class per standards (listed in manual) unless appeal is made to the State Athletic Committee. Appeal is allowed by agency or district and must be submitted to Hardship at least two weeks prior to October State Athletic Committee meeting.
2. Appeals may be made according to the following rules:
   a. All classification appeals must go to the State Hardship Committee with District recommendation. State Hardship Committee will present to Athletic Committee where a 2/3 vote for approval is required.
   b. If an agency wants to drop one class, they must be approved by a majority vote of the district and state athletic committee.
c. Any agency wanting to move up a classification must be approved by majority vote of the district and the State Athletic Committee.

d. Decisions made in October may be appealed at the Presidents Assembly. These appeals must be passed by a 2/3 vote of the State Athletic Committee.

e. Agencies who wish to change classification for specific individual sports (swimming and track and field) may appeal in writing to the State Athletic Committee Chairman by September 1. The district’s recommendation must also be included in the appeal. The decision will be made at the October meeting, and if denied, can be appealed at the Presidents Assembly.

f. Agency requesting classification changes, if approved, will remain in said classification until such time that the Agency or District requests their classification status change. Any request for classification change should be submitted to the SAC Chair and to the Hardship Committee with District recommendation for consideration. In those instances, the September deadline will still apply. If no change in classification is requested, they will stay in approved classification until the district or agency requests said change.

g. Counties with more than one functioning department may be placed in a lower classification only through the appeal process.

h. Any agency that does not operate and maintain their youth teams/leagues cannot appeal to a lower classification.

**SECTION B – LENGTH OF GAMES**

1. For a successful three-point field goal, the large wheels of the chair in contact with the floor must be behind the three-point line when the player releases his/her try for a three-point goal; however, the front casters may be over the line. There is no relation to the plane regarding the position of the shooter.

2. The playing time for youth games are as follows:
   a. Each game will consist of six, eight-minute periods, three in the first half and three in the second half with a 10-minute half-time break and two minutes in between each period.
   b. The clock will stop for time outs, injuries, official time outs, and for free throws.
   c. Possession: After the jump ball to start the game, all possessions alternate after subsequent jump ball situations until the end of regulation. If necessary, a jump ball will start the overtime period. There will be no shot clock.
   d. OVERTIME:
      i. If regulation play ends in a tie, one five-minute overtime period will be played. If the score remains tied after this overtime period is played, a five minute sudden death overtime period will be played. If neither teams scores in this sudden death overtime period, the game will be resolved through free throws. Each team will select one player to shoot their free throws. These two players will shoot free throws from wherever they have been shooting free throws during the game. The second shooter will always get the opportunity to tie if the first shooter scores. Once one player scores and the other misses, the game is over. If, after five attempts by each player no one has scored, both players will be allowed to move closer (by half the distance) to the basketball goal. If neither player makes a shot from this distance after five attempts each, they may move up to the lay-up distance. The players will shoot from this distance until one scores to end the game.
      ii. The designated sudden death free thrower cannot have fouled out of either the regulation or overtime game(s).
      iii. Whichever team has possession as indicated by the alternating possession arrow will be given the option to shoot first or to defer to shoot second.

      Four time outs will carry over to the second half. In an extra period, each team will receive one
      additional 30 second time out in addition to any unused time outs from the regulation period.
   f. Permit a head coach to request and be granted a time out when a player of that team has control
      of the ball in the last two minutes of the game and the last two minutes of each overtime period.

SECTION C – SPECIAL PROVISIONS

There is no mandatory participation requirement for any GRPA sport.

1. To execute a dribble, a player may:
   a. Wheel the chair by two pushes on the wheels (one hand or two hands in either direction) of the
      chair followed by one or more dribbles of the ball to the floor, after which he/she may start
      pushing again.
   b. The player may not push more than twice, in succession, with one hand or two hands in either
      direction. Taking more than two pushes in succession constitutes a traveling violation and the
      ball is awarded to the opposing team out of bounds.

2. The large wheels of the chair must be behind and not over the free throw line. The point of contact for
   the large wheels of the chair with the floor must be behind the free throw line, however, the front casters
   may be on or over the line. The large wheels of the chair must be behind the three-point line. The front
   casters of the chair may be on or over the line.
   a. The location of a player is determined by where any part of the chair is touching the floor as far
      as being in bounds or out of bounds or being in the front court or back court.

3. Pivot- It is legal to pivot as in regular basketball. A pivot takes place when a player, who is holding
   the ball, turns the chair in a given place without specific direction. This may be done:
   a. By a player who is in motion breaking one of the wheels without forward or backward direction
      to the wheels. This is not a push and therefore could occur after the player with the ball has
      pushed two times.
   b. By a player who has not yet utilized two pushes, pushing with both hands simultaneously in
      opposite directions, constituting one of the two pushes to which he/she is entitled before passing,
      shooting, or dribbling.
   c. By a player with the ball pushing twice with one hand or two hands, constituting both pushes to
      which he/she is entitled before passing, dribbling, or shooting the ball.
   d. A pivot can occur with or without deliberate action by the player on the wheels (pushes). When
      the player with the ball does exercise deliberate action on the wheels (pushes) in pivoting, these
      are counted against the two pushes to which he/she is entitled and limited without passing,
      dribbling, or shooting the ball.

4. Live/Dead Ball – For any jump ball, each jumper shall be firmly seated in the chair and shall have all
   wheels on or inside that half of the restraining circle that is farther from his/her own basket. An official
shall toss the ball upwards between the jumpers in a plane at right angles to the sidelines, to a height greater than either of them can reach and so that it will drop between them. One or both jumpers may tap the ball after it reaches its highest point. If it touches the floor or lands on either jumper without being tapped by at least one of the jumpers, the official shall toss the ball again. Any ball that becomes lodged or located under a wheelchair, play shall be immediately stopped, and a jump ball shall be awarded according to the alternating possession arrow.

5. Out-of-Bounds and Throw-Ins
   a. A player is out of bounds when any part of his/her body or wheelchair touches the floor or any object on or outside of a boundary.
   b. Throw in. This rule is intended to eliminate dead ball fouls in the free throw lane prior to a throw in. Before placing the ball at the disposal of the thrower in (in his/her front court), officials should insure that no teammates of the inbounding team is located within the free throw lane. The ball is “placed at the disposal of the thrower in” when the official starts the act of offering the ball to the thrower in (or when the official places the ball on the floor if no player of the team is entitled to the throw in is present). Thus, it is not necessary for the thrower in to touch the ball for a lane violation to be assessed.

6. Violations
   a. No player of the team with a throw-in in the front court shall enter the free throw lane until the throw in starts. Before placing the ball at the disposal of the in-bounder, officials should check the lane for offensive players. If an offensive player is in the lane, ask the player to leave the lane area, prior to giving the ball to the in-bounder.
   b. A player shall not remain in an opponent’s three-second lane for more than three consecutive seconds while the ball is in control of that player’s team in the front court and the game clock is running. Allowances shall be made for a player who:
      i. Attempts to leave the three-second lane.
      ii. Is in the three-second lane when he/she or a teammate is in the act of shooting and the ball is leaving or has just left a player’s hand on the shot for a goal.
      iii. Dribbles in the three-second lane to shoot for a goal after having been there for less than three seconds. However, a player who passes the ball instead of trying for the goal and is in the lane longer than three seconds shall be called for a three-second violation.
      iv. Interlocks the wheelchair with an opponent.
      v. Once the offensive player is moving to leave the lane, they are not allowed to engage in any form of participation in the offensive play.
      vi. A player establishes his/her self-outside the three-second lane by placing all wheels of his/her wheelchair and any anti-tip casters, which continuously come into contact with the floor outside of the three-second lane.

7. Note: The three-second rule does not apply when the ball is dead or in flight on a try because the team is not in control but does apply during an interrupted dribble.

8. Tilting chair. A team loses possession when a player leans in the chair to the extent that the chair tilts and any part of the chair other than the wheels touches the floor while gaining, maintaining, shooting, or retrieving the ball. The ball is then awarded to the opponent at the out-of-bounds spot nearest the violation and a tipping violation shall be called.
a. Players falling out of the chair. A player may not leave or fall out of the chair to gain or maintain possession of the ball or gain any other advantage.

b. If a player unintentionally falls out of their chair and is in direct line of play, the official shall immediately call time. The ball is awarded out-of-bounds to the team in possession at the nearest point of infraction. If no possession is maintained when a play is stopped, the officials will award the ball to the team according to the alternating possession arrow.

c. If a player unintentionally falls out of their chair and is not in direct line of play, while a potential scoring play is in progress, time will be called (only if the fallen player is injured).

d. A team loses possession if, in the judgement of the officials, a player falls out of his/her wheelchair to gain or maintain possession of the ball. If a player deliberately falls or crawls into the line of the play, it is a Class A technical foul.

e. If a player intentionally falls out of the chair to stop a play against the opposing team, this is a Class A technical foul.

   i. When an offensive player has control of the ball and taps, directs, or throws the ball off the defensive person or wheelchair with the intent to gain an advantage, it is a violation on the offense. The ball will be given out-of-bound at the closest point of violation to the defensive team.

a. Personal Foul – A player shall not contact an opponent or an opponent’s wheelchair with his/her hand unless such contact is only with the opponent’s hand while it is on the ball and is incidental to an attempt to play the ball. The wheelchair is considered a part of the player. The nature of the game, negligible contact is to the discretion of the officials. Intentional contact caused by a player to affect the progress or position of another player is a form of blocking, charging, holding, or pushing. Contact caused by the momentum of a chair by a player who had made no visible effort to stop his/her chair while moving in for a goal is a charge. It is a Class B technical foul for intentionally grabbing an opponent’s wheelchair to gain an advantage.

b. Physical Advantage Foul (PAF) – All players must always remain firmly seated in the wheelchair, not using a functional leg or stump for physical advantage over an opponent (e.g. raising out of his/her chair or using the heel on the floor to maneuver the chair or leaning forward on the footrest to guard a player). A defensive player guarding an offensive player may not gain an advantage by leaning so far forward that his/her footrest touch the floor.

   i. Any infraction of this constitutes a physical advantage foul (PAF). The offended team is awarded two free throws and is awarded the ball out-of-bounds at either end of the division line.

      1. The scorer will be officially responsible for recording these infractions with a “PAF” in the foul column.

      2. Three PAFs constitute an automatic dismissal from the game.

      3. PAFs will be counted towards the total number of personal and team fouls.

10. Players Leaving the Court. Players who intentionally leave the playing court to gain an advantage shall be given a Class B technical foul for each infraction. An example of this is when a defensive player who is back picked and pinned on the sideline by an offensive player, leaves the playing court along the sideline to get away from the offensive player. Another example is the offensive player who cuts the baseline in the front court and the defensive player in good chair position does not allow the offensive
player to cut into the lane area, the offensive player then leaves the playing court underneath the basket and moves to the other side of the court to gain the offensive advantage.

a. During the game, a player’s chair momentum and speed may cause the player to go out of bounds. The player shall return to play in the approximate location in which they left the court.

b. Post Play. An offensive or defensive player dislodging an opponent from an established position by pushing or backing in shall be a personal foul on the offending player.

11. Free Throw Lane Requirement. A maximum of six players (four players for the defensive team and two players for the offensive team) shall be permitted on the lane. All other players shall remain behind the free throw line extended and behind the three-point line.

a. The two-lane spaces closest to the end line shall remain open.

b. The first lane space on each side of the lane that is closer to the free-thrower is designated for the opponents of the free-thrower.

c. Teammates of the free-thrower shall not occupy spaces designated for opponents of the free-thrower; opponents of the free-thrower shall not occupy spaces reserved for teammates of the free-thrower.

d. Wheelchairs that cannot fit inside the second or third free throw lane space will not be allowed entrance on the free throw lane during free throws.

12. Bench Decorum

a. Unsportsmanlike Conduct. Coaches, bench personnel, and players are held to the same standard and are not allowed to engage in any unsportsmanlike conduct as judged by the official. Repeated or prolonged violations of this behavior should result in a technical foul being assessed to the egregious party. More egregious conduct violations while inside or outside the coaching box, should be properly and consistently penalized with a technical foul without warning. Examples of egregious conduct include but are not limited to, the following:

   i. Comments directed at or referring to any game official that questions the integrity of the official. (i.e. references to the number of fouls called against the team, suggest an official is cheating a team, etc.)

   ii. Using profanity, taunting, or baiting another player or bench personnel. Pointing a finger or making obscene gestures or deregulatory remarks or personal comments during the game about race, ethnicity, religion, gender, etc.

   iii. Prolonged, negative responses to a call/no-call which is disrespectful or unprofessional such as thrashing of arms in disgust, running and jumping in disbelief, removing a coat and throwing a coat, throwing objects or materials on the sideline, approaching or charging an official in an aggressive manner.

   iv. Continued criticism during a game regarding the same or previous incident.

13. Coaching box. Failure to comply with the rule results in a distinctive advantage that is not within the spirit and intent of the rules. After the warning for the first violation, a technical foul should be assessed for any subsequent violation.

14. Assistant coaches and bench personnel. All bench personnel are required to be seated except the head coach while the ball is live except to react spontaneously to an outstanding play. Then they must immediately sit down. The official should warn the head coach of any violations and ask the coach to take care of the situation. This is the official warning. Any future violations or blatant violations shall result in a Class B technical foul that is assessed to the head coach.
15. Incidental and Intentional Personal Contact. When ten players in wheelchairs are moving rapidly in a limited area, some contact is certain to occur. Contact, which is entirely incidental to an effort by opponents to reach a loose ball, or accidental contact, which may result when opponents are in equally favorable positions to perform normal defensive or offensive movements should not be considered illegal. Likewise, accidental contact which does not hinder the opponent from participating in normal defensive or offensive movements, and which is not the result of carelessness, should be considered incidental. If, however, a player approaches an opponent from behind or from an unfavorable position, such that he/she has no reasonable chance to play the ball without making contact, the responsibility is on the player in the unfavorable position.

a. Intentional chair contact caused by a player to affect the progress or position of another player is a form of blocking, charging, holding, or pushing. Note: Players that jam an opponent intentionally with their foot plates to stop the movement of the opposing player is a foul. This commonly happens when the offensive team makes a shot, and then transitions into a full court defense, and the defensive players will jam their footplates into their opponents that are moving towards their front court.

16. In Screening Situation

a. If offensive player takes a position behind and so close to stationary defensive player (beyond the visual field) that a contact foul occurs when the defensive player makes normal chair movement, the offensive player is responsible for the foul. If the offensive screener is at the side or in front of the stationary defensive player, any distance short of contact is legal.

b. If offensive player takes a position in the path of a moving defensive player, who does not have the ball, so quickly that the defensive player cannot stop or change direction in time to avoid contact, then the offensive player is responsible if a contact foul occurs.

YOUTH PLAY

Youth play is governed by all of the above rules with the following modifications:

1. Players – Only five players of a team are allowed on the floor during play. Players are not allowed to play zone defense. Defensive players may not engage in full-court press.

2. Substitution - Every player must play a minimum of one period in each half of the game. All players must play at least one complete, continuous eight-minute period per half. The coach has the option as to which of the three periods in each half to play all of their players. Players that are playing in the first period of the half cannot be substituted (except for injuries). Players that have completed a period may be substituted for in their second or third period of play in each half. The coach is responsible for making sure that all members of the team play. If for medical reasons a player, that is present, cannot play, the coach must notify the official, scorekeeper, and the opposing coach before the game.

3. Defensive Point of Pickup – There is no full-court press allowed at any time during the game.

4. The initial point of pickup is the outer edge of the center jump circle which is six feet beyond the half court line. After the initial point of pickup, the defense can extend and guard the offense until the half-court line. The initial point of pickup can start when the offensive player with the ball crosses the outer edge of the center jump circle extended. This rule applies during the entire game. This will allow the offense to cross the half court line uncontested but will allow the defense to pick up before the three-point line.

a. If a team goes up by 20 points, the point of pickup will become the top of the key extended (also described as the three-point line extended).
5. Free Throws
   a. In venues where attachable goals are used all players, regardless of age, must shoot free throws from the foul line.
   b. In venues where the goals lower from 10 feet to 8 ½ feet, players aged 6-12 may shoot free throws from the hash marks located just inside the foul line. Players age 13-14 must shoot from the foul line.
   c. For a shooter who shoots free throws from the hash marks, two offensive players and two defensive players may line the lane with the defensive players being closer to the basket. The third space from the basket must remain empty during a free throw so that no player is lining the lane even with or behind the shooter.

6. Foul Limit – There will now be a six foul limit per player.

**ARTICLE III – EQUIPMENT**

**SECTION A – APPROVED EQUIPMENT**

1. All adult players will use a standard men’s basketball (22 oz. 29.5” circumference).
2. All youth players will use a standard women’s NCAA basketball.
3. The wheelchair used in competition shall meet the following requirements:
   a. The maximum height from the floor to the top of the seat rail shall not exceed 21 inches. Measurements must be taken with the front caster(s) in the forward driving position and player may be asked to get out of the chair during the measurement.
   b. Seat rail measurement. Some wheelchairs have a continuous seat/back rail that obscures the appropriate measurement point of the seat rail. Generally, the continuous rail has a horizontal portion that supports the seat fabric. A curved (upward) portion near the rear of the seat area, and a vertical portion that supports the back of the wheelchair. The measurement point for a continuous seat/back rail should be at the highest point of that portion of the rail with seat fabric attached; thus, the curved portion should not be measured unless there is seat fabric attached.
   c. The part of the footrest or roll bar that projects forward the furthest and which would be the first point of contact with another wheelchair in head-on contact must be at a height of not more than five inches from the ground or court.
   d. Use of a cushion is condoned, being of common understanding that it is specifically for therapeutic reasons. As such, it shall be composed of any therapeutic material and shall not exceed four inches at its highest point (thickness). Pneumatic cushions and contoured cushions are permissible providing they are commercially manufactured for therapeutic use and do not exceed thickness restrictions (above). Cushions composed of nontherapeutic materials, such as hard (non-pliable) rubber, wood, or other solid composition, shall not be acceptable. In all situations, the decision of the officials shall be final.
   e. The footrest must have rounded or smooth corners. Door bumpers, knobs, projections of folding footrest, or other projections from the body of the footrest, which may readily become entangled in the wheels and/or spokes of another chair or used to hook and/or hold an opponent, shall not be allowed.
   f. Any chair equipped with either a horizontal bar behind the backrest or push handles extending to the rear, must have these areas sufficiently padded to prevent injury to another player.
g. When the chair is in the forward driving position the chair is permitted to have anti-tip casters attached to the underside or rear of the chair. The lowest point of the anti-tip caster cannot exceed one inch from the floor nor can any part of the anti-tip caster project from the chair rearward so that it would extend past any part of the rear wheels.

4. Mandatory uniforms shall be matching jerseys with factory type legal numbers only on front and back described in the Georgia High School Association Rule Book. Legal numbers consist of 0, 00 (0 and 00 cannot be used on same team) 1-5, 10-15, 20-25, 30-35, 40-45 and 50-55. It is legal for players to wear matching color or white t-shirts only under game jerseys.
   a. The basic body color determines matching jerseys. The logos, numbers, trim, etc. does not have to match if the basic color is the same. Penalty – Admin Tech per jersey
   b. No other sports organization patches will be allowed on uniforms in GRPA tournaments. Penalty
   c. Illegal Equipment
   d. Emblem/Logo/Picture Placement: GRPA waives the GHSA and NFHSA penalties for logos and clipart placement on basketball uniforms. No technical foul will be administered.

5. The Host Agency shall be responsible for supplying scrimmage vests in events where jerseys need to be opposite colors. A coin toss shall be conducted and the winner shall have the option of whether to wear the scrimmages vests or original jerseys.

SECTION B – PLAYING COURT REQUIREMENTS

**SECTION C – SPECIAL PROVISIONS**

There is no mandatory participation requirement for any GRPA sport.

1. Relay teams in district level competition who qualify for the State Meet should run in the State Meet except in case of injury.
a. Relay teams will be assigned lanes by random selection prior to the start of the meet.
b. International exchange zones in 4x100 relay.
c. Relay members must be on roster and in same age group.
d. Names of relay entries must be submitted to the state host prior to the state entry deadline with the understanding they can be changed prior to their competition due to their illness or injury.
e. Two alternate runners can be listed for each relay and they are the only ones that can substitute in case of injury or sickness.

2. If there is a tie by two or more competitors they will then draw lots for medal or other awards and privileges (unless other provisions have been made.)

3. In the event of a tie at any height or distance in the finals of a field event, places shall be awarded as follows:
   a. For places in jumping for height (high jump):
      i. The competitor with the lowest number of trials for the height at which the tie occurs shall be awarded at the highest place.
   c. If the tie still remains, the competitor with the lowest total number of misses throughout the competition (up to and including the height last cleared, shall be awarded the higher place.
   d. If after the above a tie still remains, the competitor with the lowest total number of trials (whether successful or not) throughout the competition up to and including the highest height cleared, shall be awarded the higher place.
   e. If the tie remains after applying all of the above and:
      i. If it concerns first place, the competitors tying shall have one more attempt for the height at which they failed, and if no decision is reached, the bar shall be lowered or raised by intervals of one inch in the high jump, and each competitor shall try once at each height until the winner is determined.
      ii. If it concerns any place other than first, the competitors shall be awarded the same place in the competition and medals, ribbons, awards or privileges determined by lot as in ties for track events.
   f. No misses shall be charged to a competitor for a pass height.
   g. In all field events, each competitor will take alternative trials in successive order by entry list (i.e., no competitor will be allowed to take three successive trials).
   h. A run by or run up is not a try if done within the time frame.
      i. For places determined by distance (standing long jump, running long jump, softball throw and shot put):
         1. If the distance resulting from the best performance of competitors is identical, the higher place is awarded to the competitor whose second best performance is better than the second best performance of any other competitor tied for that particular place.

4. Each competitor shall be allowed three trials in the finals of all field events (two at each height in the high jump). All state level field events are finals. All field events shall be run in a manner as not to allow an individual to use all their tries in succession, unless they were at another event and all others have
completed their tries. If they must try in succession, they will be allowed up to two minutes rest between
tries.

a. Starting Heights for high jump are as follows:

5. In the high jump, the bar shall be raised in 2” increments until only 4 jumpers are left, then raised by 1”
increments until a winner. The jumpers must attempt to jump within 30 seconds after their name is
called or a try will be charged.

6. In all track events, two false starts shall constitute disqualification of the runner guilty of the infraction.

7. Shot Put Rules

a. The shot shall be put from the shoulder with one hand only and the competitor shall not allow the
shot to pass behind or below the shoulder during the attempt. No harness or mechanical device
attached to the hand or arm shall be used. Taping the wrist, palm or back of the hand is
permissible. It is also permissible to tape only two fingers, provided they are adjoining and taped

2. Per the “Return to Play Act of 2013”, effective January 1, 2014, all agencies are required to provide concussion education material to all youth participants and their parents. The verification of compliance to this law is affirmed by the signature of the agency director on the GRPA roster.  
3. All head and assistant coaches that are coaching youth teams participating in all levels of GRPA Athletics must have undergone a criminal background check through their Department. By signing the teams GRPA roster, the Department Director or their designee attests that this has taken place.  
4. Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms, or locker rooms. The use of audio or visual recording devices is not allowed in resolution of protested matters.
SECTION B – EVENTS

1. Events in each age division for male and female are:
   a. In all youth divisions: Singles, Doubles and Mixed Doubles
   b. In all adult divisions: Singles and Doubles and Mixed Doubles

2. The Order of Events at the State Tournament shall be determined by the State Host, with approval of the State Athletic Committee’s Chair.

SECTION C – SPECIAL PROVISIONS

There is no mandatory participation requirement for any GRPA sport.

1. The best 2 out of 3 sets using the No-Add system shall be used in all matches, up to the semi-final and final matches.

2. Regular scoring will be used in the semi-finals and finals.

3. The twelve-point tiebreaker shall be used in all matches.

4. In 8U, 10U and 12U the coach may be allowed to give instruction in change over only.

5. Adult Scoring
   a. All Doubles matches will be two out of three sets; a 10 point match tie-break in lieu of a third set (first to 10 win by 2 points.)
   b. For any set tied at 6 games all, play a 12 point set tie-break (first to 7 win by 2 points). The player/team that begins serving the tie-break must RECEIVE serve at the beginning of the next set.

The Coman Tiebreak Procedure - The Coman Tiebreak Procedure is the same as the present tiebreak (set or match), except that ends are changed after the first point, then after every four points (i.e., after the 5th, 9th, 13th, 17th points, etc.), and at the conclusion of the tiebreak. The scoring in the Coman Tiebreak Procedure is the same as a traditional set or match tiebreak, and the procedure for playing the Coman Tiebreak is the same as a set or match tiebreak. For example, if the Coman Tiebreak Procedure is used when the set score is 6-6, the player whose turn it is to serve shall serve the first point from the deuce court; after the first point, the players shall change ends and the following two points shall be served by the opponent(s) (in doubles, the player of the opposing team due to serve next), starting with the ad court; after this, each player/team shall serve alternately for two consecutive points (starting with the ad court), changing ends after every four points, until the end of the tiebreak game.

When will it be used?
GRPA will use the Coman Tiebreak Procedure at all GRPA Adult District and State Championships for all set and match tie breaks. Use of the Coman Tiebreak Procedure is encouraged during local league play.

Principal Advantages
Fairness – By changing ends more frequently, the effects of the elements (sun, wind, etc.) are distributed more evenly between the two opponents as opposed to playing six consecutive points before changing ends.
In doubles, the server will always serve from the same end of the court, rather than having to serve from both ends.
Change sides on odd games unless both players/doubles teams agree to change only between sets. Change ends at the end of each set unless the total number of games in a set is an even
number (e.g. 6-4, 6-2, etc.), in which case the change is not made until the end of the first game of the next set.

      iii. An out will be recorded when the vacant position in the batting order is scheduled to bat.
   b. **To continue a game** once started with a full team listed on the line-up card:
      i. If a team begins play with the required number of players as listed, that team may continue a game with one less player than is currently in the batting order whenever a player leaves the game for any reason other than ejection. (# of Players- see below)
      ii. If playing shorthanded and a substitute arrives, the substitute must be inserted immediately into the vacant spot. If the substitute refuses to enter for any reason that player becomes ineligible for the remainder of the game.
      iii. If the player leaving the game is a runner or batter, the runner or batter shall be declared out.
      iv. When the player who has left the game is scheduled to bat, an out shall be declared for each turn at bat. An inning or the game can end with an automatic out. The player who has left the game cannot return to the line-up. EXCEPTION: A player who has left the game under the blood rule may return even after missing a turn at bat.
   v. **A player that has been ejected cannot reenter the game; if removed by the umpire due to an injury, the player cannot return without a doctor’s release; a player cannot re-enter if a concussion is suspected.**

2. A team can start or continue with eight players, unless the ninth player was ejected for unsportsmanlike conduct; then it is a forfeit. An 8U coach pitch, 8U or 10U team with machine pitch can start or continue with nine players, unless the tenth player was ejected for unsportsmanlike conduct; then it is a forfeit. A substitute removed may re-enter as a legal substitute for an injured player only if all other players have played when the team is **reduced to less than 8 players** (less than 9 players for pitching machine division).

3. During the school year, youth cannot start a new game after 10:00 PM Monday through Thursday except under extenuating circumstances. (weather, unusual delays, etc.)

4. The manager, coach or captain of a team making a substitution must immediately notify the Umpire-in-Chief who will suspend play and announce the change. Substitutes do not have to be listed on the line-up card.

5. The choice of first or last at-bat (home – visitors designation) shall be determined immediately prior to a tournament game by a coin toss supervised by the Tournament Director or his/her representative, except championship game is(a) below.
a. In the Championship Game, the undefeated team will have the choice of home or visitor. In the “IF” game, home or visitor will be determined by coin toss.

6. A player is not required to sit out the next game for failure to report as a substitute, removal of a helmet after a warning, or carelessly slinging a bat after a warning. A slung bat will result in a team warning for the offending team on the first offense. Each additional slung bat for that team will result in the batter being called out. If the same player continues to violate the rule, he can be removed from the game. EXCEPTION: unsportsmanlike conduct. A forfeited game (not played) does not count as a sit out game.

7. ANY OF THE PLAYERS may withdraw and reenter once provided such player occupies the same batting position when he is in the lineup. The pitcher is governed by the provisions of Rule 7, Article 2 below. A substitute who is withdrawn may reenter one time in same batting order.

8. Pitching regulations: (for examples, see case book #’s 36-42 on pages 200-201) Maximum number of pitches for a tournament in ALL youth baseball will be as follows: 10U = 120; 12U = 120; 14U = 160; 17U = 160. All other pitching rules will still apply.

a. Baseball – Pitch Count. This rule is also in effect if two different levels of competition were ever played in successive days.

NOTE: In 10U Live, 12U, 14U, and 17U Divisions, the host or their designated staff of the district/state tournaments are required to interrupt the game once the pitcher has reached his pitch count limit for the day and/or the tournament.

10U Live and 12U Divisions: The maximum number of pitches that can be thrown in a game/day is 85 pitches. If a team plays multiple games in one day, the total pitches for the day per pitcher is 85 pitches. If a pitcher pitches less than 31 pitches in game one, they are eligible to pitch in game two but the pitch count will be a cumulative total for the day. If a pitcher throws 31 or more pitches in a game and is removed from the mound, they are not eligible to return to the mound in the same game or until their required rest period is observed.

EXCEPTION: If the pitch limit is reached during an at bat, the pitcher may continue to pitch until the batter has reached base or has been declared out and/or the third out is made to complete the half inning, at which time the pitcher must be replaced. The pitch count should continue to be documented as long as the pitcher is on the mound. The pitch total for the game/day will remain cumulative – threw 34 pitches before outlined scenario above occurs then would have 51 pitches remaining for the game/day. However if the pitcher is removed as outlined in the provisions above they shall be eligible to pitch in subsequent game or day providing no other pitch rule has been violated. A pitcher who throws 30 or less pitches in a day requires no rest period. A pitcher who throws between 31-60 pitches in a day requires one (1) calendar day of rest. A pitcher who throws between 61-85 pitches in a day requires two (2) calendar days of rest.

14U and 17U Divisions: The maximum number of pitches that can be thrown in a game/day is 105 pitches. If a team plays multiple games in one day, the total pitches for the day per pitcher is 105 pitches. If a pitcher throws 41 or more pitches in a game and is removed from the mound, they are not eligible to return to the mound in the same game or until their required rest period is observed.

EXCEPTION: If the pitch limit is reached during an at bat, the pitcher may continue to pitch until the batter has reached base or has been declared out and/or the third out is made to complete the half inning, at which time the pitcher must be replaced. The pitch count should continue to be documented as long as the pitcher is on the mound. The pitch total for the game/day will remain cumulative – threw 44 pitches before outlined scenario occurs then would have 61 pitches remaining for the game/day. However if the pitcher is removed as outlined in the provisions
above they shall be eligible to pitch in subsequent game or day providing no other pitch rule has been violated. A pitcher who throws 40 or less pitches in a day requires NO rest period. A pitcher who throws between 41-70 pitches in a day requires one (1) calendar day of rest. A pitcher who throws between 71-105 pitches in a day requires two (2) calendar days of rest. If a pitcher pitches less than 41 pitches in game one, they are eligible to pitch in game two but the pitch count will be a cumulative total for the day.

b. **In all age groups, once a pitcher leaves the mound, he/she cannot return to the mound in that game, regardless of the number of pitches thrown.**

c. In case of a suspended or forfeited game, the pitching regulations will still apply. The intent of this rule is for the pitchers arm to be protected. All rest periods apply.

d. Pitches thrown count for the day the game started. A pitcher that starts a game on Wednesday and the game goes past midnight may continue to pitch in that game. If this happens, his pitch count is credited with pitches thrown on the day the game started.

9. **IF A PITCHER IS REPLACED** while his team is on defense, the substitute pitcher shall pitch to the batter then at-bat, or any substitute for that-batter, until such batter is put out or reaches first base, or until a third out has been made. To insure that the requirements of this article be fulfilled the umpire will deny any coach defensive player conference which will violate it. EXCEPTION: If a pitcher is incapacitated or guilty of flagrant unsportsmanlike conduct, this rule is ignored.

a. Any relief pitcher shall be allowed a minimum of ten warm-up pitches regardless of whether or not he becomes the pitcher during or at the beginning of an inning. After the initial ten warm-up pitches, he may also be allowed additional warm-up pitches until such time the umpire believes the player’s arm has warmed sufficiently.

b. Balk rules shall be in effect for all divisions except the 10U Live/12U Traditional Baseball Division. (NOTE: the balk rules for GRPA divisions are the same as those for game played in accordance with rules adopted by the Georgia High School Association and pitchers should be made aware by team coaches or manager of these balk regulations.)

c. Any violation discovered prior to notification would result in the immediate removal of the pitcher from the mound. Any violation occurring after notification will result in the ejection of the player/pitcher and coach from the game. Any subsequent action that occurred while the ineligible pitcher was on the mound (after the legal limit has been reached) prior to the next pitch will be cancelled and reverted back to the finished batter.

d. A player who is in the game to pitch, but has no pitching eligibility remaining for that game, may be substituted for, **if he hasn’t pitched a pitch** to avoid a forfeiture of the game even if he/she has warmed up.

e. An intentional walked batter will be awarded first base and the pitcher will be charged 4 pitches with no pitches thrown or the balance of pitches to award base.

10. **Charged Conferences**

a. Each team when on defense may be granted no more than three conferences during a game without penalty, to permit a coach or his representatives to confer with a defensive player or players, including his pitcher. A request for time for an obviously incapacitated player shall not constitute a charged conference nor shall a conference be charged whenever the pitcher is removed as pitcher. In extra-inning games, a team on defense may have one conference per inning without penalty. **The penalty for using conferences in excess of times listed in (a) above shall be removal of pitcher from the pitching position for the balance of the game.**
b. The umpire shall deny any subsequent defensive team’s request for charged conference in 8U/10U baseball with machines.

c. Each team, when on offense, may be granted not more than one charged conference per inning to permit the coach or any of that team’s members to confer with base runners and/or the batter.

11. In all divisions of GRPA boy’s baseball, the curve ball is permitted.

12. In all divisions of GPRA boy’s baseball, double headers are permitted. NOTE: The State Athletic Committee recommends that tournament pairings and game time be considered when it is necessary for an agency host to schedule double-headers. No more than two games per day for a team will be allowed in live pitching tournaments, except for rain delays or extenuating circumstances. **No more than three games per day shall be permitted in pitching machine baseball (except for rain-delayed tournaments).** This decision will be made by the Tournament Director and approved by the State Athletic Committee.

13. 10U and 12U Traditional Division’s modified rule for stealing bases:

   a. A modified form of base stealing shall be used in the 12U and both 10U Divisions.

   b. A base runner is required to stay in contact with the base until the pitched ball has reached home plate. At this point in the flight of the pitched ball, the runner is permitted to advance at his own risk of being thrown out.

   c. The runner is automatically called out for leaving the base before the pitched ball reaches home plate. The ball is dead and all subsequent action on the pitch is canceled. All runners must return to base held at time of pitch.

   d. A walk is a live ball situation. Once the pitcher is in control of the ball and on the pitching mound, a runner must advance or return immediately to a base.

14. Three strikes constitute an out, and a batter is not allowed to run if the catcher misses or drops the third strike in the 10U and 12U Traditional Division. Other runners may advance at their own risk of being thrown out.

15. Headfirst slides are **not allowed** by players wearing a facemask. The penalty for a headfirst slide in all divisions of baseball shall be an out if a facemask is worn; C-Flaps can be worn without penalty. A dive back to a base on a pick off or base overrun is not considered a head first slide. Runners in rundown situation may not slide headfirst if wearing a facemask. Any runner is out when he/she does not slide or attempt to avoid the fielder who has the ball in the proximity of the base and is waiting to make a tag or if they maliciously run into a fielder (**give up, get down, go around**). NOTE: For any clarifications, see NFHS rules.

16. In the **12U “Major” Division**, runners can play off the base and are allowed to steal at any point during live play including dropped third strikes.

17. In the 10U Live and 12U Traditional Division, it is illegal for a batter to square to bunt and then draw back his bat and swing away at pitch (contact with ball not required), commonly known as Butcher Rule – Penalty: Out and all runners must return to base occupied at time of pitch. **This RULE DOES NOT APPLY TO 12U MAJOR.**

18. In the 12U Major, 14U, and 17U divisions, the batter/runner and the defensive player may use the colored or the white section of first base **ONLY** on the occasion of a dropped third strike. **See case book for double first base clarifications (#42, page 200-201).**

   c. If a team is found using an ILLEGAL/ALTERED/NON APPROVED bat prior to player entering batter’s box the equipment shall be removed and play continued. **After player enters batter’s box the player will be ejected and an out declared.**

7. A slung bat will result in a team warning for the offending team on the first offense. Each additional slung bat for that team will result in the batter being called out. If the same player continues to violate the rule, he can be removed from the game. EXCEPTION: unsportsmanlike conduct.

13. When an umpire orders a batter or runner to wear a head protector in accordance with the GRPA rules, or orders a catcher to wear a head protector, mask with throat protector, protective cup in a supporter, shin guards and/or body protector, the failure by the player to do so shall cause his dismissal from the game.

14. For all 8U and 10U pitching machine and coach pitch it is mandatory that the pitcher wear a face mask. It is optional for all other infield players.

SECTION B – UNIFORMS

1. A uniform for boy’s baseball shall include baseball caps, jerseys numbered on back with six-inch (6”) factory type, non-duplicated number, full baseball pants, socks, and shoes. Uniform parts must be identical in style.

ARTICLE VI – PROTESTS AND APPEALS

SECTION A – PROTEST AND APPEALS FOR BASEBALL RULES INFRACTION

1. A judgment decision by an umpire on any play shall not be protested.

2. Protests on misinterpretation of the rules are allowed to the Umpire in Chief and if acceptable as valid by the Tournament Director. The Tournament Director shall coordinate any such protest and shall serve as the odd-numbered member of the tournament protest committee as determined prior to the game by the Agency Host in coordination with the District Commissioner for District level competition and with the State Athletic Committee Chair for State levels of competition. There is a $50.00 protest fee. If a protest is accepted by the Tournament Director, it must be made by the team manager or responsible person in charge of the team at the time of the alleged infraction. A full explanation of the protest will be recorded by the official scorer and retained in the official scorebook for reference. All such protests are to be immediately acted upon by the protest committee and before play is continued. If the decision of the protest committee is appealed to the State Athletic Committee it must be done so in time for any action to be resolved prior to the next game of either team involved.

3. No protest on rules interpretation will be accepted after play continues following an alleged infraction.

For more information regarding protests and appeals, see: Rule I, Article IV, Section C-11. For more information on protest committee organization and responsibility, see Rule II, Article I, Section A.

8U AND 10U PITCHING MACHINE BASEBALL RULES

1. All pitching will be done by an electric powered pitching machine. No two-wheel machines are allowed. The machine must be a minimum of 24” off the ground with a maximum of 36” from the bottom of the wheel. In the employment of the electric-powered pitching machine, machine height is important. If mounted on top of a mound, the legs shall be used which lowers the point of ball delivery to a normal height for the average player in this age group. If mounted on flat ground, the longer legs will be employed, again elevating the machine to the normal pitching height.

2. All rules governing 10U baseball in GRPA athletics will be in effect with the exception of the following:
   a. Ball speed shall be approximately 46 miles per hour for 10U, and 40 miles per hour for 8U.
   b. A qualified official will be stationed behind the catcher to call balls and strikes. The second official will be stationed behind the machine to feed machine and act as base umpire. Machine
GRPA Athletic Manual

officials will be responsible for any adjustments to the machine and will present the ball to each batter prior to feeding machine.

c. When a batted ball hits a pitching machine, the umpire feeding the machine, or the extension cord off the ground, it is considered a “DEAD BALL SINGLE” and batter/runner will be awarded first base with all runners moving forward if forced. If a batted ball hits a defensive player then hits the machine, the batter is awarded first base and all other runners move up one base, if forced. Ball is dead when ball hits machine.

d. When a thrown ball hits the pitching machine or the extension cord off the ground, it is considered a “DEAD BALL” and played as if thrown out of bounds.

e. An 8’ deep by 12’ wide rectangle box centered on the pitching plate in which the player in the pitching position must remain until the pitch is delivered. Defensive player must have at least one foot inside the box at the time of the pitch.

f. A line shall be drawn in the infield at the same distance as the pitching distance. No infielder is allowed in front of the restrictive line until after the ball is delivered through the machine, outfielders remain in outfield grass area (behind a 60’ radius from the front edge of pitchers rubber), and the pitcher must remain in the box. **Penalty:** The penalty for violation of this rule is a delayed dead ball and the batting team having the choice of the result of the play or no pitch will be declared. A team warning will be issued on the 2nd offense, 3rd offense head coach ejected.

g. Count remains 3 and 2 until ball is hit or a strike out occurs except each player may be intentionally walked once per game. No player may be walked any more than once per game.

h. Bunting is not allowed in the 8U machine pitch division. **Fake bunts are not allowed. If a batter shows bunt, an out will be called.**

3. Bunting is allowed in 10U machine pitch. **A fake bunt is when you pretend to bunt the ball and you get in bunting position, once the ball is released you pull the bat back and attempt to hit the ball.**

   a. **Stealing is not allowed in the 8U division.**

   b. In the 10U w/machine division, stealing is allowed with the following limitations:

      i. A player cannot steal home.

      ii. A base runner can steal when the ball reaches home plate, and then only one base advance is allowed.

         1. If a throw becomes an overthrow during a stolen base attempt, the one-base restriction will apply for stolen bases only (ball is dead, no advance).

         2. If the machine throws a ball that is uncatchable (to wide or too high), it will be called no pitch and runners cannot advance.

      iii. Runners must maintain contact with the base until the ball crosses the plate. The penalty is an out.

4. In 8U and 10U Division with pitching machine, a maximum four outfielders shall be used. Ten players will be used on defense at the following positions: Catcher, Pitcher, first baseman, second baseman, third baseman, short stop, and four outfielders. In pitching machine and coach-pitch there must always be players in the pitcher and catcher roles. If playing shorthand, the player must come from the in-field or outfield. The team must have a battery. The batting order will consist of these ten players. Additionally, one or two EP’s can be utilized.
5. The infield fly rule is in effect (including 8U and 10U divisions).

6. A courtesy runner may be used for the catcher only. The courtesy runner must be anyone not in the current batting order or the last batted out if no substitutions are available.

**8U COACH PITCH BASEBALL SPECIAL RULES**

**Pitching Rules**

3. The pitcher may pitch anywhere from outside of the 20’ foul arc and the pitching circle.

4. Pitcher may not cross the foul arc or enter the pitching circle (while pitching)

5. Pitcher must keep one foot on or straddle the pitching line.

6. Pitcher must pitch over-handed. (Any batted ball that hits the pitching coach will be a dead ball and called no pitch).

7. If the pitching coach intentionally allows the ball to hit him. (Penalty: batter is out - Umpire’s Judgment). No runner may advance.

8. The offensive coach (pitcher) must attempt to avoid interference and try to pick-up the batter’s bat provided he/she does not interfere with the play.

1. Player Rotation: snake rotation
a. Definition of snake rotation: Standard clockwise rotation. Player from position 2 moves out to bench and player from bench enters position 1 to serve.

b. When the receiving team gains service, they must rotate their first server in from the bench. If a player is not being played in a set, they must sit in the stands with their parent/guardian. They cannot sit on the bench unless they are in the lineup for that set.

NOTE: If a player gets injured on the court, the player comes out of the game and they rotate one player in from bench. The player rotated in will lose their service position, but no points are lost. Once the injured player is replaced the team who has service keeps service.

12U and Older Specifics

   a. Player Substitutions
      i. Must be carried out within substitution zone; between the 10 foot line and the net on the team’s side.
      ii. Max substitutions per set per team is eighteen (18). Players may only substitute for one player per set.
   b. Libero Replacements
      i. Libero replacements are not counted as substitutions. They are unlimited but there must be a completed rally between two replacements.
      ii. A libero may ONLY replace a back-row player.
      iii. Only take place while the ball is out of play and before the whistle of service.
      iv. All replacements must be recorded by the Libero Tracker on the Libero Control Sheet.

2. Player Rotation: GHSA rotation
   a. When a receiving team gains service, they must rotate to their first server. A team cannot start a service without rotating; unless they are the first serving team of the set.

SECTION C – SPECIAL PROVISIONS

There is no mandatory participation requirement for any GRPA sport.

1. A team must have ten (10) players to start or continue a game. They can continue the game if the removed player leaves for any reason other than ejection. There is a roster limit of 30 players and once the roster has been submitted, it becomes official and no changes can be made. Teams should have records of all check-ins from district through state play. Team Book/Information should consist of GRPA roster with jersey numbers and birth certificates in alphabetical order.

2. Traditional: The maximum weight limit for any player to receive a hand-off or pass from scrimmage is 150 pounds (12U), and 125 pounds (10U) and 100 pounds (8U). Any player ineligible to carry the ball must wear a red stripe (unless a team has red helmets and then the stripe will be white) diagonally on the back of their helmet. Players who exceed the maximum weight are ineligible to run the ball.
   a. Striped players must play as a down lineman and line up tackle to tackle on the line of scrimmage in a 3 or 4 point stance while on defense.
   b. Offensive line positions can be in a 2, 3, or 4 point stance and should be detailed as follows:
      T  G  C  G  T

3. Striped players on offense must be tackle to tackle as shown above.

4. There are no restrictions on unstriped players – see National Federation Rules.
   a. Striped defensive linemen may not line up outside of the outside shoulder of the offensive tackles.
b. In the 8U division, a defensive player is not allowed to line up over the center. As a result of this rule, there will be no quarterback sneaks. The QB must be led by a running back if running up the middle. The QB may run outside the guards and there are no direct snaps to anyone other than the quarterback. The penalty for this infraction is the same as illegal formation.

c. Defensive linemen must be in a 3 or 4 point stance – any player tackle to tackle is considered a lineman on the line-of-scrimmage. Linebackers (tackle to tackle) must be off the line-of-scrimmage – depth must be the back of the farthest lineman position. The penalty for this infraction is the same as being off sides.

d. Coaches will be responsible for maintaining the stripes and making sure players are in the correct playing position. If lined up incorrectly, there will be a 5 yard penalty. **Players with striped helmets are eligible to punt and kick on kick-offs/field goal attempts.**

e. A player’s weight is defined as that weight which is determined by approved or certified scales when the player weighed at their official weigh in. **No player will be allowed to totally strip for a weigh in and must have at least gym shorts on at all times.** Players should be in alphabetical order for weigh-ins and a coach should be present with their roster and birth certificates in alphabetical order, as well.

f. Weights shall be determined on digital scales or balance type scales, furnished by the Host team. Spring scales are not acceptable. **Players shall weigh in at each level of play.**

   i. The Official Weigh-in shall be conducted two hours prior to game time. Players not making the weight limit at the Official Weigh-in shall be permitted a second or alternate weigh in conducted one hour prior to game time.

   ii. Teams not desiring to weigh-in two hours prior to game time shall be permitted to weigh-in one hour prior to game time but no alternate Weigh-in will be allowed.

   iii. Failure to meet the weight requirements at alternate Weigh-in shall constitute game ineligibility to carry/handle the ball.

   iv. Players absent from their first game must weigh in prior to any following or subsequent games. **All players must weigh in at all levels of GRPA play.** Once weight requirement has been met for that level of play, players will not be required to reweigh during same level of play.

      1. Players attempting to make weight after district may reweigh at regionals.

      2. **However, players that do not make weight at district or regionals may not make weight for state finals.**

      3. Teams going straight to State must meet all weight requirements. **If a player is found to have not weighed in, penalty for player and/or coach will be as follows: Penalty- EJECTION FROM FACILITY AND PLAYER EJECTION FOR THE REMAINDER OF TOURNAMENT.**

   v. All players will be weighed regardless of position and the actual weight will be recorded on the official roster prior to the first game played AND weighed at each level of play. There are NO weight protests once an official weight is recorded at each level of GRPA play. If a player is deemed ineligible, as a result of removing or tampering with the stripe placed on the helmet during weigh-in or failure to report jersey change in an attempt to be deceptive, the player and coach ejections and/or disqualification of team from tournament. Illegal participation, by a maximum weight player, during the game will result in the player being removed for minimum one game (4 quarters) suspension, and a
minimum two games (8 quarters) suspension for the head coach.

All protests regarding rule interpretation must be made prior to the conclusion of the game. **If the player is found to be overweight at official weigh-in, they will be ineligible to carry or advance the ball in that game.** They may weigh in again for the next game. **THERE WILL BE NO EXCEPTION TO READING OF OFFICIAL SCALES! Any team(s) found utilizing ineligible players will be penalized either by player ejection and/or team forfeiting the game.**

**Weight Clarification/Interpretation:**
Players with striped helmets are eligible to play on kickoff and return team. They may also kick or punt and kick on kick-offs/field goal attempts. Please remember if this is not the scenario then the penalties outlined in the manual will still apply. Striped players may recover a fumble or intercept the ball; however, they cannot advance the ball. Play is dead once recovery by a striped player occurs. If player attempts to run the ball, it will be spotted at point of intercept or recovery.

All players whose names appear on the Official Roster must have met the weight requirement prior to the State Championship finals to be eligible to handle ball. **APPROVED RULING:** If one of the teams to play in a State Championship does not have a game within one week of the State Championship game, players shall be allowed to weigh for official purposes at the Official weigh in of the game in which the team’s opponent for the Championship games is determined, or on that same day by a State Athletic Committee Member not associated with the team agency.

5. **Mercy rule** – Beginning in the third quarter, if requested by the losing team’s coach, or any time in the fourth quarter a team gains a 21-point lead the clock will run continuously for the balance of the game except after touchdowns and during timeouts, injuries, penalties and scores. If not elected in the third quarter it automatically occurs in the fourth quarter when a 21-point lead occurs. If the losing team gets within seven points, the clock will return to regulation.

6. The playing field shall be 100 yards in length for 12U, and 80 yards for 8U and 10U. Kick-offs will be from the 30 yard line for 10U and 40-yard line in 12U divisions. There will be no kick-offs in the 8U division. The ball will be placed on the 20 yard-line to begin play.

The offensive team must verbally state their intention of punting before leaving their huddle. After a verbal declaration of punting, the clock will stop until the change of possession. There will be **no punts in the 8U division,** the ball will be marked 30 yards from the line of scrimmage or half the distance from inside the 20-yard line by the referee. The ball cannot be spotted deeper than the 10-yard line. **10U division punts** will be a dead ball kick; all defensive players will take a knee during the kick except for one defensive punt receiver. The ball will be spotted where the receiver catches or controls the ball. All punts must be from long snapped formation. Delay of game can still be called even though punts are dead ball. In **12U division,** starts out as a dead ball and once the punter is in control of the snapped football the official blows the whistle and the play becomes live, the defense must have seven men on the line of scrimmage and two players whom cannot be no more than 5 yards off the line of scrimmage, this allows for two punt receivers for the punt return team. The intent of the rule is to keep teams from developing a wedge prior to the ball becoming live, and to help aid in the realism of the punt return portion of the game. By rule, 12U division punts become live once the official whistles in that the punter has control of the snapped football, which at that moment makes the punt returnable or gives the opportunity for a blocked punt. **No fake punts will be allowed.**
8. All coaches are required to stay within the boundaries of the coaching box with noted exceptions in the 8U division – one coach is allowed in the huddle of the offensive and defensive team. Once the huddles are broken, the coaches are to back up at least 10-yards. Coaches on the field are not allowed to communicate/talk to their players after the huddle is broken (penalty is 5 yards). No coaches will be allowed on the field in the 9U, 10U and 12U Traditional and Unlimited divisions. The coaches’ box extends from the 25-yard line to the 25-yard line. There is a limit of 5 coaches on the sideline and all 5 should have the same color shirt on.

9. The time allowed to snap the ball after it has been declared ready for play is 30 seconds. **In the 8U division, the football may be placed parallel to the line of scrimmage to assist in snapping the ball.**

10. **OVERTIME in the 8U division ONLY:** If a game ends in a tie, the 10-yard line overtime procedure will be used with the ball being placed on the 10-yard line with each team getting a series. 1st and 2nd Overtime will use 10 yard procedure and 3rd overtime the ball will be placed on the 3 yard line, each team will be given ONE play to score (no extra point attempts in 3rd OT or any successive OT periods).

11. **OVERTIME in the 10U and 12U divisions:** If a game ends in a tie, the 10-yard line overtime procedure will be used with the ball being placed on the 10-yard line with each team getting a series. 1st and 2nd Overtime will use 10 yard procedure and 3rd overtime or any successive OT periods, each team must attempt a two point conversion (kick).

   e. Non-Volley Zone
      i. The non-volley zone is the court area within 7 feet on both sides of the net.
      ii. Volleying is prohibited within the non-volley zone. This rule prevents players from executing smashes from a position within the zone.
      iii. It is a fault if, when volleying a ball, the player steps on the non-volley zone, including the line and/or when the player’s momentum causes them or anything they are wearing or carrying to touch the non-volley zone including the associated lines.
iv. It is a fault if, after volleying, a player is carried by momentum into or touches the non-volley zone, even if the volleyed ball is declared dead before this happens.

   iii. A fault by the serving team results in the server’s loss of serve or side out.

ARTICLE II – REGULATIONS

GRPA Kickball tournaments shall be governed by current rules and regulations of the World Adult Kickball Association (WAKA). See www.kickball.com for more information.

This license governs the use, redistribution, and/or republication of all or any part of the text containing the copyright notice above, (the “Rules”) in written or any other tangible form, with or without modification, which is permitted provided that the following conditions are met:

Replication, redistribution or the reprint of all or any part of the Rules must retain the above copyright notice, this list of conditions and the following disclaimer:

THESE RULES ARE PROVIDED BY THE AUTHOR AND CONTRIBUTORS “AS IS” AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL WAKA, LLC, ITS OFFICERS, DIRECTORS, EMPLOYEES, ASSIGNS OR OTHER CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; BUSINESS INTERRUPTION; OR PERSONAL INJURY) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THE RULES, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

1. Per the “Return to Play Act of 2013”, effective January 1, 2014, all agencies are required to provide concussion education material to all youth participants and their parents. The verification of compliance to this law is affirmed by the signature of the agency director on the GRPA roster.

2. All head and assistant coaches that are coaching youth teams participating in all levels of GRPA Athletics must have undergone a criminal background check through their Department. By signing the teams GRPA roster, the Department Director or their designee attests that this has taken place.

3. Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms, or locker rooms. The use of audio or visual recording devices is not allowed in resolution of protested matters.

SECTION B – LENGTH OF GAMES

1. REGULATION GAMES
   a. Regulation games last five (5) innings.
GRPA Athletic Manual

i. In the event of a tie score at the end of the game, the game shall be marked as a tie.

ii. If the home team already leads the game when the bottom of the final inning is reached, that team wins the game instantly and the game is over.

iii. If the home team takes the lead during the bottom of the final inning, that team wins instantly, and the game is over.

b. A game that is called off by the referee after three (3) full innings of play shall be considered a regulation game. The game score at the end of the last full inning shall determine the winner. Regulation games called off that end in a tie shall be marked as a tie.

c. A game that is called off by the referee for any reason before three (3) full innings of play shall not be considered a regulation game and a new game may be rescheduled.

SECTION C - SPECIAL PROVISIONS

1. Games are played with 11 fielders, 5 innings, 2 base coaches.

2. Balls must be pitched by hand. There are no restrictions on pitching style.

3. BASE COACHES – Two members of the team at kick may coach first and third base, switching as needed with other team members to remain in the proper written kicking order.

4. INJURY AND SUBSTITUTIONS

   a. In cases of injury or illness, a timeout may be requested for participant removal and replacement with a teammate as a substitute. If the participant later returns to play, the participant must be inserted in the same written kicking order position previously held.

   b. If a player is ejected, injured, becomes ill and cannot continue, or leaves the game for any reason, the written kicking order will continue in the same formation, less the removed player. A player removed from the kicking order for ejection, injury, illness, or any reason does not constitute an improper kicking order and there is no “automatic out” when the removed player’s spot in the order is reached.

   c. Any player removed from the game for injury or illness must be noted on both team written kicking orders and mentioned to the head referee.

   d. The pitcher and the catcher positions may only be replaced once per inning each, unless injury forces another substitution.

   e. Only runners who are injured while traveling to a base, and who successfully make it to a base, may be substituted. There are no other allowable runner substitutions. A runner may be substituted no more than twice during the game. Upon the second substitution, the player will be removed from the game and no longer be allowed to participate.

ARTICLE III – EQUIPMENT

SECTION A - APPROVED EQUIPMENT

The official kickball is the red WAKA Logo Kickball, measuring 10 inches in diameter when properly inflated to a pressure of 1.5 pounds per square inch.

SECTION B – UNIFORM REQUIREMENTS

1. While participating, players must properly wear the official athletic clothing designated for their use.

2. Athletic shoes are required. Metal cleats are not allowed.
3. Players may wear protective equipment providing it does not offer the wearer an unfair performance advantage. Any equipment deemed by the head referee as a performance enhancement must be removed or the player will be removed from play.

4. All player attire is an extension of the player.

5. Team uniform will consist of matching or like colored jerseys with a factory-type non-duplicating number on the back at least six (6) inches in height. It is strongly recommended that all team personnel be attired alike. The basic body color determines matching jerseys. The logos, numbers, trim, etc. does not have to match if the basic color is the same. No other youth sports organization patches will be allowed on uniforms in GRPA tournaments. Penalty – Illegal Equipment.

SECTION C – PLAYING FIELD REQUIREMENTS

1. The field shall be established on any safe terrain suitable for play in accordance with the following provisions which equal the dimensions of a softball field (see Diagram 2):
   a. The kickball diamond is a square with equal sides of 60 feet or about 20 paces with a base at each corner.
   b. The distance from home plate to second base and from first base to third base is 84 feet 10 1/4 inches or about 28 paces. The distance between any base and home plate shall be measured from the back corner of each.
   c. The pitching strip is in the center of the diamond, 42 feet 5 1/8 inches or about 14 paces from home plate, and directly aligned with the 1st•3rd. 
   d. The pitching mound extends 12 feet from the center of the pitching strip.
   e. The sidelines are lines 10 feet on the outside of and parallel to the foul lines, the area between the foul lines and the sidelines is the sideline area.
   f. When available, cones are placed:
      i. at the outside corner of first, second, and third base, and not touching the base
      ii. on the foul lines 30 feet or about 10 paces behind first and third base
      iii. on the sidelines 10' from home plate.
   g. The kicking box is a rectangle with the front of the box aligned with the front of home plate and the back of the box aligned with the sideline cones behind home plate. Lines extending forward from the sideline cones perpendicular to the front of home plate make up the sides of the kicking box. The area directly forward the kicking box is fair territory (see Diagram 2). The kicker is not required to start in the kicking box, however the kick must occur within the kicking box.
   h. Foul lines are fair territory.

2. The strike zone is a three-dimensional irregular pentagon based on the shape of home plate and is one foot in height. The front of the zone aligns with the front of home plate. The sides of the zone extend one foot to either side of the plate. The back edges of the zone are one foot from the back sides of the plate (see Diagram 4). The strike zone may not be marked by cones or other raised objects.

3. All participants must respect and obey all rules and regulations pertaining to the field used for games.

4. Any player or referee wholly or partly in fair territory is an extension of fair territory. Any live base runner outside the kicking box is fair, even when wholly in foul territory. A player jumping from fair territory is in fair territory while in the air. A player in foul territory does not extend foul territory by jumping or reaching into fair territory.
5. Upon notification to the head referee of any improper field set up, the field layout shall be corrected before the beginning of the next play. Protest based on field set up will not be considered.

6. Optional extra base: When available, an additional base may be set up adjacent to first base to provide more room for the runner (see Diagram 5).
   a. The Extra Base is only available for runners traveling from home plate.
   b. Fielders trying to make an out on first base must touch the base in fair territory (the first base). Runners hindered by a fielder touching the base in foul territory (the extra base), will be safe.
   c. When a play is attempted at first base, a runner who touches the first base prior to being called safe at the extra base shall be called out, except under the exception (see 6f and 6g below).
   d. Once a runner has reached first base safely, the runner must start the next play on the first base. Any runner standing on or touching the extra base at the beginning of the next play will be out;
   e. No additional base may be used at any other base.
   f. The runner is permitted to use the first base if avoiding collision with a fielder in foul territory. In this event, the fielder in foul territory is permitted to tag the extra base.
   g. The runner may use first base if attempting to advance to second base, or if there is no fielder on first base. A runner using or touching first base in any other circumstance is out.

7. Sideline area: Prior to the kick, no participants (or spectators) may be in the sideline area (see Diagram 2) except for the kicker, referees and designated base coaches. After the kick, fielders and base runners in the process of playing the game may also occupy the sideline area.
   a. The first infraction of this rule will result in a warning to the team that caused the infraction
   b. The second and each subsequent infraction will result in an out for the next kicker in the written kicking order on the team that caused the infraction.

**ARTICLE IV – TOURNAMENT AND AWARDS**

**SECTION A – DISTRICT AND STATE**

Host must provide tournament balls. Teams can use their own WAKA ball pending tournament host approval.

**ARTICLE V – OFFICIALS**

**SECTION A – OFFICIALS**

1. Games must be officiated by at least one authorized official, the Head Referee. When available, at least two officials referee each game: a Head Referee, and a First Base Referee. The Head Referee governs all game play and issues all final rulings, and has final authority on equipment issues. Other Referees may assist these officials when available.

2. Prior to each game, the Head Referee must conduct a meeting with the Captains of each team, to address any ground rules in effect, to ensure the exchange of team lineups, and to identify the designated Captains who will be authorized to discuss calls with the Referees during the game.

3. Referees have jurisdiction over play and may:
   a. Call a time out.
   b. Call off a game due to darkness, rain or other cause at the Referee's discretion.
   c. Penalize a player, including game ejection, for any reason. This includes but is not limited to unsportsmanlike conduct, fighting, delay of game and excessive verbal abuse. Ejected participants must leave the field area and may not return to the game.
4. Referees have jurisdiction over play and must:
   a. Cancel the game if lightning is seen, or delay it until safe to continue.
   b. Keep a record of the final game score.

5. Referees may make rulings on any points not specifically covered in the rules (at the time of occurrence), but the ruling shall not be deemed as a precedent for future rulings.

SECTION B - COMPETITORS AND ATTENDANTS

1. PARTICIPANTS
   a. All participating players must appear on written lineups, reflecting that game’s kicking order, to be exchanged between the captains of each team before play begins.
   b. A claim of improper kicking order must be made to the Head Referee who will make the final determination. Such a claim must contain two parts:
      i. That the written kicking order was exchanged in accordance with Rule 4.01.
      ii. That the claim is made on the field no sooner than the first pitch thrown to the accused "wrong" kicker, and no later than the first pitch thrown to the subsequent kicker. The burden of proof rests with the accused team. Any resulting play is nullified by a finding of improper kicking order, with an out recorded for the "wrong" kicker (see Rule 14.02i). A player removed from the kicking order for ejection, injury, illness, or any reason (per Rule 16.02) does not constitute an improper kicking order.

2. TEAMS
   a. Each game shall have two (2) participating teams: the Away team, which kicks first each inning, and the Home team, which kicks last each inning.
   b. While fielding, each team must field at least eight (8) and no more than eleven (11) players, which must include one pitcher and one catcher at any time during the game.
   c. For a given game, each team shall have one Captain and one Co-Captain (collectively “the Captains”) who are jointly responsible for the team. The Captains may discuss calls with the Head Referee, but must accept the Head Referee’s final ruling. Other players besides the Captains that dispute calls with the Referees are subject to ejection from the game.

   b. Wearing any tape on only one finger. Tape can be worn to provide support to two or more fingers. Again, the chief medical officer or head athletic trainer has final approval of any accessory taping worn by the athlete.
   c. Apply any greasy or sticky substance to the body.
   d. Arrive at the mat perspiring for the beginning of the first of second periods of a match. It is the responsibility of the coach and the wrestler to report dry and “toweled down”. Referees may not mandate that wrestlers “dry off” during the middle of a period.
GRPA Athletic Manual

e. It is forbidden to wear earrings, barrettes, bracelets, rings, or any metal or rigid object, as well as men’s wrestling singlet with a T-shirt underneath. Female wrestlers are prohibited from wearing underwire bras.

f. The wrestlers must come to the mat fully dressed and prepared to wrestle. If the athletes do not come to the match prepared, they are allowed one minute to conform to the rules, otherwise risking disqualification from the match. Under no circumstances are the athletes allowed to change their singlet mat side—this must be done in a private area at the arena.

SECTION C – AREA REQUIREMENTS

1. The Mat:
   a. The official international mat consists of four distinct areas:
      i. The Center area, which is a 7-meter diameter circle.
      ii. The Starting area, which is a one-meter circle in the very center of the mat.
      iii. The Passivity zone, which is a one-meter band around the perimeter of the Center area.
          The passivity zone may be marked by taping a line of dashes inside the out-of-bounds line.
      iv. The Protection area, which should extend a minimum of 1.5 meters beyond the Passivity zone. Adequate protection around all mats should be in place and clearly marked. Each pair of wrestlers is entitled to a wrestling area devoid of obstructions, including other wrestlers, coaches and observers, etc.
   b. The inner 10-foot folkstyle circle has no meaning internationally, and when standing, the contestants start in the middle, facing each other about a meter apart. It is not mandatory that the athletes begin the match or subsequent restarts on any “starting” lines.
   c. One corner of the mat should be marked in red and the other in blue, so the wrestlers and the coaches know where to report. This can be done with colored chairs, with colored plywood under the chairs, or simply with red and blue signs. The red corner should be on the referee’s left as he faces the judge’s table.
   d. UWW approved mats are not required for domestic competition.
   e. For local and state level competitions for the age groups Schoolboy/Schoolgirl and lower, mats less than full size but not less than a quarter of a full sized (standard) mat may be used when necessary.
   f. On mats where a line is used to indicate the out-of-bounds, the outermost edge of that line is considered as the true out-of-bounds. For purposes of this rule, the line itself is still considered part of the wrestling area.
   g. The area around the mats should be large enough to accommodate a table for the mat chairman and volunteer clock controllers, a table for the judge, one or two score clocks, and any necessary video equipment used.

However, this rule will not apply to events that serve as a world championship trials event or qualifier for a trials event where the rest time will be 30 minutes.
   c. If a wrestler is not present at the time of his/her bout, they will be called over a loudspeaker three times at 30-second intervals. If after the third call the wrestler is not present, he/she will be disqualified from that match and the opponent will win by default.

Yes. If the pitch count limit is reached during an at-bat, the pitcher may continue to pitch until the batter has reached base or has been declared out and/or the third out is made to complete the half inning. The pitch count should continue to be documented however, the pitchers remaining eligibility to pitch in the 2nd game will be the maximum pitches allowed per day minus the total number of pitches thrown including the excess pitches to retire the final batter. If game is next day all pitching regulations apply and pitch count starts with zero.

42. What are the procedures for use of a double first base? The double base may be used for first base only. When using the double first base, the following rules must be observed:
   a. A batted ball that hits the white section of the double base shall be declared fair. A batted ball that hits the colored section without first touching or bounding over the white section shall be declared foul.
   b. Whenever a play is being made on the batter/runner, the defense must use the white section of the double first base.
   c. Whenever play is being made on the batter/runner, the batter/runner must use the colored section on his/her first attempt to tag first base. NOTE: On extra-base hits or other balls hit to the outfield when there is no chance for a play to be made at the double first base, the batter/runner may touch either the white or colored section of the base. However, should the batter/runner reach and go beyond first base, he/she may only return to the white section of the base.
d. When tagging up on a fly ball, the white section of the base must be used by the runner. Once foot is permitted to extend behind or on the base into foul territory, as long as the front foot is touching the white section of the base.

e. When leaving base on a pitched ball in GRPA, the runner must maintain contact with the white section of the base until the ball has reached the plate. Runners may extend a foot behind the white portion of the base, but must maintain contact with the white section until the ball has reached the plate.

f. On an attempted pickoff play, the runner must return to the white section of the base only. This includes a throw from the pitcher, catcher, or any other player, in an attempt to retire the runner at the double first base.

g. In 12U, 14U, and 17U age divisions, when the batter/runner becomes a runner on a third strike not caught by the catcher, the batter/runner and the defensive player may use either the colored or the white section.

h. Use of the double first base does not change any other rule concerning interference or obstruction at first base. (An errant throw into the three-foot running lane could still result in an obstruction call. Also, the batter/runner must still avoid interference with the fielder attempting to field a batted ball.)

43. If a coach is disqualified for unsportsmanlike conduct in a youth game and he is the only “certified coach or recreation representative” at the game site, can the team continue to play? Yes. The Tournament Director should appoint an adult to be with the team. IF unsportsmanlike problems continue then the game could be forfeited.

44. In adult softball, a player is wearing a cap the tournament director considers inappropriate because of what is written on it; can the player or team appeal his decision? No. Tournament directors make the decision with no appeal. The player can remove it or not play. If player refuses, he will be ejected for unsportsmanlike conduct.

45. Volleyball: If a team is five (5) minutes late for a game, is the team forfeited for the entire match? No. The team will have ten (10) minutes to find a team ready to play for the first game of the match, but they will start the match down one (1) game in the best of two (2) of three (3) matches. If they are more than ten (10) minutes late, they forfeit the match.

46. Can a participant that does not play in district be allowed to play in a state tournament? Yes. If he or she was on the roster prior to district competition and has proper documentation or picture ID at their first appearance, in the next level they are eligible to participate.
TRANSGENDER INCLUSION POLICY
STATEMENT OF PURPOSE

Georgia Recreation and Park Association (GRPA) and its participating agencies provide inclusive programs to all participants regardless of race, color, religion, age, sex, sexual orientation, gender identity, gender expression, national origin, or ability.

GRPA and its participating agencies allow transgender youth and adults to participate in GRPA sanctioned recreational sport programs which correspond to their gender identity on a case-by-case and season-by-season basis and with GRPA Board and State Athletic Committee’s approval.

DEFINITIONS

Transgender: Denoting or relating to a person whose sense of personal identity and gender does not correspond with their birth sex.

Gender identity: A person’s deeply felt internal sense of being male, female, or non-binary.

Gender expression: A person’s external characteristics and behaviors that are socially defined as either masculine or feminine (i.e., dress, speech, mannerisms, social interactions).

Participant: An individual who seeks to participate in GRPA sanctioned athletic activities through an Agency.

Agency: A member organization of GRPA.

REGISTRATION OF GENDER IDENTITY

For registration purposes on gender-based programs, a participant may register with the gender and name with which the participant identifies so long as the participant affirms that the stated gender is sincerely held and part of the participant’s core identity.

GENDER IDENTITY ELIGIBILITY COMMITTEE

For the purpose of making determinations of eligibility regarding gender identity, GRPA shall establish a Gender Identity Eligibility Committee comprised of a minimum of three of the following persons:

1. Physician with experience working with youth whose gender identity is different than the sex they were assigned at birth and familiar with the World Professional Association for Transgender Health (WPATH) Standards of Care and other evidence-based standards; OR; licensed mental health provider with experience working with youth whose gender identity is different than the sex they were assigned at birth and familiar with the World Professional Association for Transgender Health (WPATH) Standards of Care and other evidence-based standards;

2. GRPA staff member;

3. Hardship Committee member determined by Board of Trustees each year

The Gender Identity Eligibility Committee shall have the authority to establish such procedures and/or rules that it deems appropriate and necessary to carry out this policy.

DISPUTE RESOLUTION

Should an Agency receive a timely objection to an individual’s gender registration, or should a participant wish to gain preemptive approval of their registration, the participant shall provide to the Gender Identity Eligibility Committee a written statement from the participant and/or a parent(s)/guardian(s) affirming the consistent gender identity and expressions to which the participant identifies and approval for Gender Identity Eligibility Committee review.
In addition, the participant may provide to the Gender Identity Eligibility Committee the following documentation in support of the participant’s registration, but in no event shall lack of the following documentation alone result in an adverse decision:

1. Current school registration information;
2. Written verification from an appropriate health-care Professional (physician or psychiatrist) of the participant's consistent gender identification and expression; or Medical documentation which can include hormonal therapy, sexual re-assignment surgery, counseling, etc.;
3. Other documentation or information that the participant deems pertinent to the determination of the Gender Identity Eligibility Committee.

If the Gender Identity Eligibility Committee finds that the individual’s gender identity is sincere (i.e., is not motivated by an improper purpose) then the individual shall be declared eligible to participate in sex-segregated activities consistent with his or her gender identity. This determination shall remain in effect until and unless modified as set forth hereinbelow.

All discussion and documentation will be kept confidential and the proceedings shall be sealed unless the participant or the participant’s parent/guardian makes a specific request.

Any further protest will follow the procedure outlined in the GRPA Board's and State Athletic Committee manual and bylaws.

**MODIFICATION OF GENDER REGISTRATION**

If an individual is denied participation in the gender of their identity, the participant's eligibility remains with the gender on the participant’s birth certificate. If participation is approved to be transgender, the participant may not return to the gender identified on his/her birth certificate for GRPA sanctioned recreational sports programs unless another evaluation is undertaken by the participating Agency because of a change in circumstances.

**INCLUSION PRACTICES**

GRPA will take active steps to protect and promote the wellbeing of the participant by instructing staff, coaches, and other participants:

- To protect a transgender participant's rights and privacy. Discussion or disclosure of an individual’s gender identity should only take place after express permission is given by the individual or the individual’s parents.
- To respect a transgender participant's gender identity and use the participant's preferred name and pronoun.
- To respect a transgender participant's choices to dress in clothing and accessories, including warm-ups and team gear, that assert his/her gender identity provided they meet all reasonably necessary regulations for the event(s) they are participating in.
- To permit transgender athletes to use the locker rooms, changing facilities, and restrooms that are consistent with his/her gender identity. Every locker room should have some private, enclosed changing areas, showers, and toilets for use by any participant who desires them. When requested, transgender athletes should be provided access to a private or gender-neutral (i.e., family restroom) space, but transgender participants shall not be required to use separate facilities.
- To assign transgender participants to hotel rooms based on their gender identity. Participants who request extra privacy should be accommodated whenever possible.
• To permit transgender participant to wear whatever clothing is most comfortable for them and consistent with the activity’s clothing requirements for either gender. No participant should be required to wear a gendered uniform that conflicts with the participant’s gender identity, as long as it meets all reasonably necessary requirements by the sport/activity. For example, as to swimwear, the participant may wear the swimwear of their preference, as mutually agreed upon, so long as it does not extend below the knee or past the shoulders.

• To prevent, identify, and respond to bullying, harassment, and discrimination.

**REQUEST PROCESS**

When an objection to an individual gender registration or participant request for pre-approval prior to competition is received by the committee:

1. Submission of Gender Identity Eligibility Request Form (see below) to the Gender Identity Eligibility Committee (GIEC) with the required paperwork.

2. GIEC reviews request filed at their scheduled meeting.

3. Decision is made on application by the GIEC. GIEC committee member completes bottom portion of request form.

4. Committee sends letter to agency and athlete in regards to decision made

5. GIEC completed form left on file with GRPA main office- all other documents submitted will be shredded.

6. Committee notifies State Athletic Chair of decision- if needed SAC Chair would make aware any District and State hosts of competitions that a transgender athlete will attend their event.
The Gender Identity Eligibility Committee (GIEC) shall have the authority to establish such procedures and/or rules that it deems appropriate and necessary to carry out this policy.

Board Approved – 12-09-2020
