We need Everyone joining this fight

From MAC, to medication synchronization, to DIR fees, GSPO has an impressive record of success in working with influential legislators and key decision makers on issues critical to independent NJ pharmacies. Laurie Clark, our legislative director, has spent years building trust and respect in Trenton, and cultivating connections with legislators who support our industry. In addition, GSPO has assumed a lead role in connecting the various groups representing NJ independent pharmacies to ensure that our industry “speaks with one voice.”

PLEASE join with other independent pharmacy owners who understand the importance of a strong, proactive GSPO Political Action Committee (PAC). To help us continue exerting our influence in Trenton, we ask that you complete this form and email it to customerservice@gspo.org (or fax to GSPO at 609-439-0865) as soon as possible.

The more partners we have, the greater our chance for success!

Contribution Amount:

Date: _____

\$2500 \$2000 \$1000 \$500 Other \$ _____

Or MONTHLY CONTRIBUTION:

Please charge my credit card for the next 12 months for the approved monthly contribution: \$ _____
