

HITWA: Western Australia's Health,
Information & Technology Conference

Perth, 7 November 2014

MEDIA RELEASE
Thursday 11 September

E-HEALTH LEADERSHIP AND EDUCATION AT HITWA 2014

Hear from and network with national leaders and experts!

The program for HITWA 2014, Western Australia's only annual e-health conference, is now available [online](#).

HITWA will be held at the Perth Convention and Exhibition Centre on Friday 7 November with the theme **Leadership and education: Encouraging innovative technologies for improving healthcare**.

Keynote speakers include Dr Merran Smith, Chief Executive, Population Health Research Network; Prof Fiona Wood AM, Director of the WA Burns Service; Josh Boys from the award-winning solutions company Ignia; Taylor Carter, Director of Nursing and Midwifery, Fiona Stanley Hospital; Prof Moira Sim, Head of the School of Medical Sciences, Edith Cowan University and Andy Weir, CIO, Bankwest.

Don't miss this unique opportunity to attend the only dedicated event that deals specifically with the unique challenges and opportunities for e-health in Western Australia.

[Register](#) online today. For more information please contact hitwa@hisa.org.au

HITWA is jointly organised by the WA branches of the Health Informatics Society of Australia (HISA) and the Health Information Management Association of Australia (HIMAA).
