PENTOM AWARDED TWO REGGIES AND TWO EXCELLENCE AWARDS AT REGGIE DINNER.

Housing industry representatives filled the Thunderbird Motel Ballroom last Thursday evening to witness the presentation of Reggie Awards to firms, selected by teams of impartial judges.

The atmosphere of relaxation and fun was apparent throughout the refreshment hour, through the dinner, and during the musical offerings of the entertaining Night Howls. Anxiety and some degree of tenseness took hold of the audience as soon as the awards portion of the evening commenced.

The many groups, involved in arrangements for the Parade of Homes and the Reggie Awards, were recognized by Marlowe Kingstedt of the Twin City Federal Savings and Loan Association, Chairman of the Reggie Award Committee, in his opening remarks. The Awards Committee, the National Home Week Committee, driver-guides and the teams of judges, were singled out and accorded applause by the audience.

Briggs Napier, Chairman of the National Association of Home Builders Sales and Marketing Council, served in the capacity of Master of Ceremonies. As each price category of single family homes and townhouses came up for recognition, past presidents of the Association and past Reggie winners were called upon to make the presentations.

..."And now the envelope, please." Silence and tension could be felt throughout the room as the presenters opened the envelopes that revealed the names of winners. The first drawing revealed the runner-up award winner. The second envelope contained the winner of the Reggie Award in that particular category. As the presenters announced the winners, slides flashed the homes on the screen to offer the audience a chance to review the top-rated homes in each category. In all, a total of ten Reggie Statuettes and ten awards of excellence were presented.

Pentom, Inc., a Bloomington-based building firm, carried off four awards - two first place Reggies and two runner-up Awards of Excellence. Pentom entered six homes in the 1972 Parade of Homes. The judges selected four of the homes for awards. (Complete listing of award winners on Page 2.)

Dancing was provided by Tony Grise and his popular band. It was truly another fine event in the series of past Reggie Award Dinners. To the Reggie Award Committee, to the judges who voluntarily devoted their time and effort, to the Program Committee, to Mr. Briggs Napier, Master of Ceremonies and to those who assisted in making the presentations, this Association expresses its heartfelt "thanks".

Patronize the Members of This Association -- They Contribute to Your Betterment

BLUE STAR HOME

A Blue-Star home features a gas range, a gas water heater, a gas heating system and one other gas appliance. A combination that assures completely satisfying home ownership.

TOTAL CLIMATE CONTROL

Total Climate Control. The Gold Flame Award System, combines five comfort elements-- gas air conditioning, gas heating, air freshness control, air cleaner and humidifier to create the most comfort and the best buy possible for today's modern home owner.

SELLING SYMBOLS

These symbols tell your customers they offer the utmost in modern comfort and convenience... a home high in value and low in operating costs. They tell you this home is backed by prestige and a proven sales record. Together, this means *faster sales, better market value and more satisfied customers.*
