

Mike Johnson II, AIA, IIDA, LEED ID+C, a Senior Associate at Perkins+Will, is a Washington, DC native that studied architecture and planning at Howard University and recently completed the AIA 2018 Christopher Kelley Leadership Development program. He consistently volunteers his time to various architecture programs in the region as a professional resource and critic, and has raised over \$20,000 in student scholarships for his Alma mater.

With a license as both an architect and interior designer combined with 16 years of experience, his work has focused on providing innovative and creative solutions for high-end commercial interior spaces, trade floor facilities and building repositioning throughout the country while also incorporating the latest research and trends in workplace design. His work has received numerous awards for design, innovative project solutions and environmental excellence from organizations such as AIA, IIDA and USGBC.
