Advancing Commercial Real Estate Career Initiatives in Greater Hampton Roads

The REACH Foundation was formed in 2008 by the Hampton Roads Association for Commercial Real Estate (HRACRE) to promote education, advancement and career initiatives within the Hampton Roads, Virginia area.

Through scholarships, grants, and innovative programs, the REACH Foundation works to advance knowledge and professionalism in the commercial real estate industry while also broadening its potential future workforce.

Our programs are designed to attract local college students and exiting military to our industry as well as providing targeted assistance to under-represented population groups. The primary intent of our scholarships and grants is to reduce the financial burden for those who have chosen commercial real estate as a career path.

The REACH Foundation is a 501(c)3 organization with responsible leadership and oversight from HRACRE. While the core philosophy behind the REACH Foundation is about giving back, our programs will also bring positive public recognition for HRACRE and all of its members.

University Scholarships

The REACH Foundation's University Scholarships initiative will award cash scholarships to exceptional Hampton Roads area college students pursuing a career in commercial real estate.

To ensure that the largest pool of qualified students is considered for assistance, the Foundation will partner with all Hampton Roads colleges and universities identified as offering an excellent real estate curriculum.

Diversity Outreach Grants

Existing area commercial real estate professionals who are in an under-represented population group (i.e., African American, Asian American, Hispanic American and Native American) and who are taking educational programs to advance their careers in commercial real estate are eligible for the REACH Foundation's Diversity Outreach Grants.

These grants may be used for program tuition and associated expenses. They also serve to provide the leadership of our industry insight to reflect the growing ethnic diversity of our society.

Veteran Development Grants

The REACH Foundation will partner with the Hampton Roads military community to promote educational programs available for their enrollment and will award cash grants to military veterans and exiting military personnel pursuing a career in commercial real estate.

Our Veteran Development Grants may be used for program tuition and associated expenses and will enable qualified military personnel to enhance the experience they bring to the private sector.
