

## 2019 Citizens Planning Academy

*So we're the fastest growing state, how does planning fit in?*

**First Wednesday of each month at 6pm**

The Citizens Planning Academy is a collaboration of Idaho Smart Growth and the University of Idaho's College of Law in Boise and Bioregional Planning Program. The series is designed to help citizens become effective advocates on a wide range of planning topics. Attendees will hear from leaders in the field and learn tools to become more informed and effective. Sessions are free and open to all.

Please add the following dates to your calendar:

*Feb 6, Mar 6, Apr 3, May 1, Jun 5 (\*no session in July), Aug 7, Sept 4, Oct 2, Nov 6*

The series will focus on the theme of growth and how that relates to planning; topics include:

- *So we're the fastest growing state, how does planning fit in?*
- *Where do I start? Step by step guide to taking action.*
- *The good, the bad and the ugly of public engagement.*
- *What's law got to do with it?*
- *Let's crunch the numbers. Does smart growth make economic sense?*
- *Is your city covered? Comprehensive planning nightmares and heroes.*
- *Idaho urban renewal - stories from communities large and small.*
- *Is congestion really the problem? Talking transportation.*
- *Priced out – how planning and zoning affects affordable housing.*

Our series will cover viewpoints on growth from around the state, and we encourage people in towns and cities outside Boise to attend the series remotely. Similar to logging into a webinar, logging in remotely allows you to see and hear the presentation, and even to ask any questions! Anyone can join remotely. Take a look at this short tutorial: <https://bit.ly/2QKRxix>. Sessions are recorded and will also be shared on our YouTube channel.

**RSVP by emailing [office@idahosmartgrowth.org](mailto:office@idahosmartgrowth.org).**
