

APPLICATION TO SPONSOR

COMPANY INFORMATION

Sponsor Name: _____ Website: _____ Product/Service: _____

SHOW CONTACT INFORMATION

Primary Contact Name: _____ Email: _____ Phone: _____

Secondary Contact Name: _____ Email: _____ Phone: _____

PAYMENT IS ACCEPTED IN THE FORM OF CREDIT CARD, CHECK, OR WIRE TRANSFER. HOWEVER, ALL SPONSORSHIPS MUST BE GUARANTEED WITH A CREDIT CARD.

The credit card will only be charged for the sponsorship fee if credit card payment is requested below, or if an indicated check or wire transfer payment is not received prior to the start of the event. The credit card will also be charged if outstanding balances remain to IMAPS after the completion of the show. The primary contact on the application will be notified before a credit card charge is initiated.

Our organization will pay the sponsorship fee with the following form of payment (please select one):

☐

Credit Card

☐

Check

☐

Wire

CREDIT CARD AUTHORIZATION (Required even if paying by check or wire)

I authorize the International Microelectronics Assembly and Packaging Society (IMAPS) to charge my credit card for services related to IMAPS DPC 2027. I understand that this form of payment will be charged for any applicable show fee if another form of payment is not provided, including but not limited to the booth fee, corner booth supplement fee, applicable difference in the member and nonmember rate, or additional booth personnel registrations.

Exhibitor/Sponsor Contract

Booth Application Process

Booth applications for DPC 2027 will be accepted in three phases. Phase I, for committing major sponsors only, will be open through August 28, 2027. Phase II, for returning DPC 2026 exhibitors, will be August 31 – September 25, 2026. Phase III, the open application period, will be open from September 26, 2026 and beyond. Booth selection priority is given first to committing major sponsors during Phase I and then in the order that completed applications are received during Phase II and Phase III. IMAPS will assign booth spaces according to applicant's preferences named in the application. In the event applicant's choice of exhibit space is not available, IMAPS staff will initiate contact with the organization contact listed on the exhibit application and provide an updated booth availability report. The primary contact will select a final booth number. Where possible and within reason, IMAPS will observe requests to assign booth applicants away from specified competitors or other exhibitors.

Payment

The booth application fee is due in full upon confirmation of booth space and location. A booth number will not be assigned until payment has been received.

Cancellations

Cancellations are due in writing to info@imaps.org. Full IMAPS credit, not subject to a processing fee, will be issued toward a future IMAPS show for booth cancellations if cancellation is requested by December 1, 2026. Refunds, minus a \$250 processing fee, will be made for booth cancellations if cancelled by December 1, 2026 if there is not an exhibitor wait list. If IMAPS is able to fill your cancelled booth space from a wait list, the cancelling exhibitor will not incur the processing fee. Neither refunds nor credits will be issued for cancellations after December 1, 2026.

Organization Primary Contact

The primary contact listed on the booth application will be the organization's primary point of communication with IMAPS and the official show decorator about all exhibition-related information. If the primary contact named on the application will not be responsible for making arrangements for the show, it is the responsibility of the contact listed on the application to share/forward/communicate all necessary information with the appropriate personnel. IMAPS is not able to assign multiple contacts to an application.

Non-Contact from Organization during Booth Selection

If the primary contact listed on the booth application is non-responsive to three (3) or more communication attempts about booth selection, the following will occur:

- If payment has not been received, the booth application will be cancelled and no booth reservation will be made.
- If payment has been received, IMAPS staff will make a good will attempt at choosing the best available booth location on behalf of the exhibitor. In these circumstances, a change will only be made from the selection to any remaining available booth space upon contact.

Usage of Sponsor and/or Exhibitor Benefits

Sponsoring and/or exhibiting organization agrees to submit applicable materials, including but not limited to advertisements, graphics, final program listing, badge assignment forms, and the like by the published respective submission deadline(s) or forfeit the associated benefit. IMAPS will not be responsible for or issue a credit for unused sponsor or exhibitor benefits.

Installation and Dismantling of Exhibits

Exhibitors must comply with the setup and dismantling timelines and regulations set forth by show management. Installation or dismantling of exhibits outside of expressly permitted times is a safety hazard for attendees and fellow exhibitors and will not be allowed.

Exhibitor Rejection

IMAPS reserves the right to reject, terminate, or cancel a booth application or confirmed exhibitor for any reason deemed necessary, reasonable, or appropriate for the success of the Exhibition.

Additional Regulations

IMAPS reserves the right to make changes and/or additions to these regulations as considered advisable for the proper conduct of the Exhibition. IMAPS reserves the right to set rules and regulations on any matters not specifically mentioned within this contract at any time. If necessary changes or additions are made, exhibitors will be advised accordingly.

Contract Agreement

Submission of your sponsorship or booth application to IMAPS serves as acknowledgement of the information and instructions in this contract, as well as agreement with the contract terms.
