

Scott Kelly

Senior Vice President
Dayton Power and Light
2009 BEYA President's Award

Scott Kelly received the President's Award during the 2009 Black Engineer of the Year Awards for excellence in the development and delivery of technology, as well as concern for others. In his role at DPL, Kelly is responsible for delivering service to Dayton Power and Light's customers. While at DPL, he has played a key role in the development and operation of DPL's electric transmission and distribution system with focus on safety and reliability. Additionally, he has had responsibility for delivering account management services to DP&L's largest governmental, industrial and commercial customers. He is a graduate of Carnegie Mellon with a bachelor's degree in science in mechanical engineering and earned his MBA from Xavier University. He is also actively involved in the Dayton-area community, taking leadership roles in Big Brothers/Big Sisters of the Greater Miami Valley and the University of Dayton engineering advisory council.
