Subject: Washington Fee Change

The Vehicle Safety Inspection Fee (VSIF) charged by Washington has increased from \$10.00 to \$16.00. The fee is apportioned for those vehicles operating interstate and registered under the provisions of the International Registration Plan. This is a fee increase only and does not impact any conditions determining imposition of the fee.

Pursuant to section 1205(b) of the Plan, jurisdictions have 120 calendar days from notification to implement the fee change.

Please distribute this information to all IRP jurisdictions. If there are any questions, jurisdictions may contact Art Farley, Motor Carrier Services Manager, at 360-664-1820 or via email at afarley@dol.wa.gov.

Sincerely,

Arthur W. Farley
