CONGRESS VENUE

The 2027 ISAM Congress will be held at the historic Trinity College Dublin, located in the heart of Dublin, Ireland. Founded in 1592 by Queen Elizabeth I, Trinity is Ireland's oldest university and one of the country's most internationally recognised institutions. Set within the centre of Dublin, its historic campus combines centuries-old architecture and traditions with a vibrant, modern academic environment. Trinity is home to the famous Old Library and the Book of Kells.

The congress will take place at the modern Trinity Business School, which opened in 2019. Its state-of-the-art facilities include the Dargan Theatre, an impressive setting for the congress's plenary and keynote sessions. It's a purpose-built auditorium providing seats for up to 500 people in a combination of tiered and flat-floored seating.

The industry exhibition and scientific posters will be located in the spacious Luce Atrium and adjoining foyer of Trinity Business School. This bright, open space provides an ideal setting for informal interaction, allowing congress attendees to mingle with industry representatives, discuss the latest research over posters, and enjoy food and refreshments throughout the program. The central atrium will also provide a natural hub for networking and informal conversations between sessions.
