

EXTENDED: Call for 2021 ITAA Graduate Student Liaison Nominees

Please nominate a graduate student (or yourself!) to serve as liaison representative to ITAA council for a one-year term starting January 2021. The Graduate Student Liaison is responsible for maintaining and monitoring graduate student communications, events, elections, and records. The liaison also proposes special topic sessions and newsletter articles to address emerging issues important to graduate students. The liaison attends annual and mid-year Council meetings and prepares bi-annual reports for Council review. This is great experience for future service to the organization.

Eligible students must be ITAA members and a first- or second-year doctoral student by fall 2020. A student vita, a brief vision statement regarding the candidate's role as liaison, and faculty endorsement by letter of recommendation should be sent c/o Kim Hiller, VP Education, kyhc@ksu.edu. **The extended deadline for nominations is Wednesday, October 7th, 2020.** The election will take place electronically in mid-October 2020. All graduate student ITAA members are eligible to vote in the election.
