

LASBO provides Continuing Professional Education credits for attendees for all sessions qualifying for at least 1 CPE. This conference provides a maximum of 6.0 credits.

Attendance is recorded using QR codes provided during each session. Be sure to scan the QR code for each session that you attend to receive credit for the class. Watch for the QR codes to be passed around the room. Should you miss the QR code for any session, please report it to the registration desk.

You will receive an emailed receipt each time you successfully submit a QR code form to LASBO. Please retain these receipts, as they are most helpful in the event any discrepancies occur.

LASBO Administrators will issue credits within 10 days of the conference. Please check your transcript to verify receipt of your credits. Should you discover any errors or omissions, please submit your concern in writing to info@lasbo.org.

LASBO utilizes Google QR codes. It is helpful to have an active Google account before attempting to use the QR code. Please note that some district Google accounts do not allow the scanning required for using QR codes. We recommend using a personal Google account in this instance.
