

# Women's Care

OBSTETRICS, GYNECOLOGY  
& MIDWIFERY CENTER

Women's Care providers are providing telemedicine visits to help our patients stay safe and keep social distancing. Many of our patients appreciate talking with their doctor or midwife, even if they can't come into the office.

## **Appointment Types Eligible for Telemedicine:**

- Health problems
- Hormone consultation
- Med check/ med refills
- Period follow-ups
- Mental health visits
- Contraception consultation
- Preconception
- Fertility consultation
- PCOS visit/ endocrine visits
- Some urogynecologist follow-ups
- Vaginitis
- Test results
