### **Proposed Constitutional Amendments to be voted on at the November 6, 2018 Election**

**Question:** Should a county, city, or town be authorized to provide a partial tax exemption for real property that is subject to recurrent flooding, if flooding resiliency improvements have been made on the property?

**Question:** Shall the real property tax exemption for a primary residence that is currently provided to the surviving spouses of veterans who had a one hundred percent service-connected, permanent, and total disability be amended to allow the surviving spouse to move to a different primary residence and still claim the exemption?

### **Guidance on IRS Rules Around Politically-Related Activity**

As the nation prepares for mid-term congressional elections this year, many nonprofit aging services providers are concerned about staying within Internal Revenue Service rules for allowable politically-related activity. LeadingAge national has prepared a set of guidelines to help you stay in compliance. If you work for a nonprofit organization, can you contribute to political campaigns or participate in candidate fundraising? What kind of help can you give residents with learning about candidates who are running for office or getting to the polls to vote? Can your organization hold candidate forums? What if an elected official who is running for reelection wants to visit your community to talk to your residents? All of these questions are discussed in LeadingAge national's new publication, [Lobbying and Election Activity: Guiding](#)

[Principles for Nonprofit Providers](#). As the campaign season heats up, we hope these guidelines will help you balance your and your residents' rights as citizens with the IRS restrictions on political activity by nonprofits.

### **Coffee Chats with Congress: Help Make Advocacy Real in Your Community**

LeadingAge national launched "[Coffee Chats with Congress](#)" asking members to set up conversations with our legislators to talk about the good work we're doing and the challenges our communities encounter. Every chance we have to sit down with a legislator and talk specifically about issues that affect our community/residents/employees, is a chance to put a "face" on the issues, to share a story, beyond just statistics. Download the "Coffee Chats with Congress" [Toolkit](#) and join us as we educate our Members of Congress on the [issues](#) facing our members and residents every day. [Who's Your Legislator?](#)
