January 3, 2022

Dear LSMS Members:

On behalf of the Louisiana State Medical Society, it gives me great pleasure to inform you that the LSMS continues to endorse LAMMICO as the exclusive medical professional liability insurance carrier for our members. Our relationship with LAMMICO is long and storied, and today, has never been stronger. We will continue to work individually and collectively on behalf of our physician members.

We chose LAMMICO as our endorsed medical professional liability carrier for several reasons. First, LAMMICO is a local company whose history is deeply connected to ours. Secondly, their representatives are spread throughout the state to serve our membership and protect their reputations. Lastly, LAMMICO has a proactive philosophy regarding physician education, which helps to avoid patient injury and hence liability claims. The LSMS and LAMMICO have shared a relationship for more than 30 years and we feel that formalizing this partnership will continue to improve the Louisiana healthcare environment well into the future.

LAMMICO is an A.M. Best “A” rated insurance company. This nationally recognized insurance rating institution recognizes LAMMICO’s careful financial stewardship and sound management principles.

We value LAMMICO as a Louisiana based industry partner and look forward to strengthening our relationship. If you have any questions about your medical professional liability coverage, or are interested in speaking with a LAMMICO representative, please contact LAMMICO at 1-800-452-2120 or visit www.lammico.com.

Sincerely,

William T. Freeman, MD  Jeffery W. Williams
President  Executive Vice President/CEO
