

Linda Roherty, PT, CLT-LANA, PORi Certified

Linda took her initial lymphedema therapy training in 1998 and since then, has amassed additional hours of specialty training in lymphatic disorders. Throughout her career, Linda has focused on patient treatment and educating the medical community on lymphatic disorders and patient treatments. In 1998, she worked at Sherman Hospital for 10 years with an emphasis in lymphedema and wound care. In 2008, she joined Presence St. Joseph Hospital to develop the oncology rehabilitation program with special attention on lymphedema. In 2019 Linda joined HCA StoneCrest Medical Center's lymphedema and oncology rehabilitation team to evolve a center of excellence, where she focuses on standards of care for oncology rehabilitation and lymphedema treatments.

Linda joined Klose Norton Training & Consulting, LLC in 2000 as an Associate Instructor for Lymphedema Therapy Certification courses and taught for three years. In 2005, she rejoined Klose Training and continues to teach nationally and internationally.

Linda earned her CLT credentials in May 2001. She was elected to the Lymphology Association of North America's Board of Directors in 2000, acted as Vice President of LANA from 2002–2005, and served as Secretary from 2010-2014.

Linda lectures nationally and internationally on lymphedema and oncology rehabilitation. She is an important resource to many therapists who are setting up lymphedema programs or needing assistance with difficult-to-treat patients.
