On The Record Barber Shop Conversation Starter

The Massachusetts Health Council launched a new Barber Shop/Beauty Salon Health Info Campaign on Friday in Lower Mills. Unique Cuts, owned by Serge and Myriame Pierre is the first of about a dozen local hair salons and barber shops that have made room for display case of brochures on specific health issues such as diabetes, youth tobacco and smoking cessation, skin cancer, breast cancer, substance abuse and more. Interested barber shops and beauty salons in the Commonwealth may contact MHC for a brochure holder and supply of brochures. Their website is mahealthcouncil.org or call 617-965-3711.
