7:00 PM Dinner & Program**

**Presenter:
Kevin Guthrie
Dicarlo Precision Instruments, Inc.**

Introduction to the Use of a UAS for Survey Data Collection

This presentation will address the practicality and feasibility of using an unmanned aircraft system (UAS) for collecting survey data. You will be introduced to the UAS hardware used and flight planning process, as well as data collection, post processing and how to work with various outputs from the generated 3D point cloud.

1 "A" - Level CPC will be awarded for attendance at this session.
