

Radium and Beauty

Radiograph Made by Rador Night Cream

A box containing Rador *Peau de Velour* (Night Cream) was placed on a photographic plate, and left in a dark room. The above Radiograph resulted from the actual natural Radium present in the cream. This was done without the aid of an X-Ray machine. Nothing but Radium or an X-Ray machine will produce a Radiograph. This is actual visible proof of the presence of Radium in Rador Articles, as attested to by our \$5000 Guarantee.

Rador products were invented by an expert in Radium Therapeutics, who in spite of Radium's prohibitive cost discovered a way to utilize it in commercial preparations—placing it at the command of every woman who uses creams, powders, soap, etc.

Rador Preparations are GUARANTEED
