

Recent School Social Worker Approved Graduate,

On behalf of the **Michigan Association of School Social Workers (MASSW)**, I offer congratulations and a sincere welcome to the profession! In recognition of your accomplishment, **MASSW is pleased to offer you a graduation gift of a one-year membership to our association.**

It is our organizations strong belief that school social work is among the most essential, challenging, and rewarding specialty practices within the profession of social work. Michigan's Social Work Licensure has further established the School Social Worker as a primary mental health specialist within the schools. The lives we touch and the protections we assure yield benefits far beyond the present for the individuals and families we serve. It is an awesome responsibility. Becoming part of your professional organization displays to others your commitment to professionalism. It also affords the support and networking so essential to your beginning practice.

Here's how you receive your gift membership. If you have graduated with an MSW degree and SSW certification in the past year, simply complete (1) the Membership Form included below, and submit it with (2) a copy of your SSW-310 form or Temporary Approval letter from your university. Mail it to the address indicated at the bottom of the form, and you're all set.

The Michigan Association of School Social Workers is here to help you accomplish your goals. It is the only professional organization in Michigan wholly dedicated to the advocacy and support of school social work services towards the highest achievement and success of all students. Congratulations once again graduate!

Sincerely,
Amy Chapman, MASSW President
