BE A MENTOR

Make a New Resolution This National Mentoring Month

January is National Mentoring Month and we're challenging you to get involved as one of your resolutions this New Year.

Consider this, studies have proven that students who are at risk of falling off academically but paired with mentors are **130% more likely to remain in school and eventually go on to hold leadership positions**. That's not all, students who have participated in mentorship programs are also less likely to use illegal drugs or drink alcohol.

Although the FWA's Mentoring Programs are responsible for many successful mentoring relationships, we'd like to expand our programs by inviting you to become a mentor.
