[REDACTED]

Dear [REDACTED]

This is to let you know that the Ethics Committee on March 4, 1986, discussed the questions raised by your letter of January 29, 1986.

After considerable consideration and research into this problem, it is the opinion of this committee that the file is the property of the client and that Attorney A ought to pass the file to the client and allow the client to do with it whatever he chooses in passing it on to Attorney B. Attorney A should not make any effort to make Attorney B aware of the existence of the polygraph report when it is specifically against the client's wishes to do so.

In other words, this committee recommends against disclosure of the report.

Thank you for submitting this request to us for consideration.

Sincerely,

Patrick J. Ward
