1.00pm	*Lunch* **Grand Ballroom Lobby**							

1.00pm	*Lunch* **Grand Ballroom Lobby**		
1.45pm	**Workshop 1 Grand 4**	**Workshop 2 Grand 1&2**	**Workshop 3 Grand 3**
	Data Governance at the Coalface Susan Smith This workshop will address issues in Data Governance that affect information and health professionals at the operational level. You will learn some practical strategies addressing data quality and best practice operating principles for clinical data collections. Attendees may include Informaticians, Clinical Data Managers and Custodians, Nursing staff responsible for clinical information systems, clinicians, Healthcare Practice Managers, analysts and researchers. Feedback from the group is intended to define knowledge gaps to instruct further development in the field.	**Data Governance for Managers** Dr Campbell Miller Does your organisation have an effective Data Governance program? How would you measure and assess the program? Using cases studies, this workshop will highlight key issues in designing, implementing and maintaining a Data Governance program in healthcare organisations. The workshop aims to provide healthcare executives, managers and policy makers with ideas and resources to help developing an effective program in your organisation.	**Data Governance: safely providing quality information for quality care** Fiona Watson How do we achieve the right balance between the appropriate use of information to support high quality care, whilst safeguarding information confidentiality? Access to information must be based on legitimate reasons and be in the interests of the patient. The workshop will discuss this further, focussing on areas of quality of care, risk management and consumer involvement, using case study examples of where things have gone wrong. Find out and discuss the improvement strategies and also the legal do's and don'ts.
3.15pm	*Afternoon tea* **Grand Ballroom Lobby**		
3.45pm	**Collated Feedback** (panel), **Jeff Schmitt,** Dr Chris Bain & workshop facilitators **Grand 1 & 2**		
4.30pm	**Thank you & Closing Remarks** Dr Chris Bain		
4.45pm	*Conference close*
