

MunEE Bucks Program Membership Streamlined for COVID-19 Effected Communities: Join today to start providing rebates online in just a few short days

As conditions evolve from the impacts of COVID-19 your utility is focused on providing safe, reliable and affordable services to customers. IAMU remains committed to doing our part to help you deliver those services.

Through our MunEE Bucks Energy Efficiency Rebate Program we've recently created a streamlined implementation model that allows utilities to migrate your existing rebate program to the online MunEE Bucks portal within just a few short days. This ensures that despite office closures, reduced staffing and resources, you can continue to provide your customers access to money saving rebates when they need them most.

When you sign up for MunEE Bucks now, we will create a portal for you with up to 15 of the most popular MunEE Bucks standard rebates used by customers. Once this portal is online we will work with you over the next several weeks to add any additional MunEE Bucks rebates you would like, as well as implement any unique rebates your utility would also like to offer.

To sign up, or for additional information, please contact Jeremy Caron at 515-289-1999 or jcaron@iamu.org.
