

Mobile Crane Operator Performance Evaluation

Evaluator Printed Name & Signature:			
Operator Printed Name & Signature:			
Operator License Number & Expiration Date:			
Evaluation Date:		Location:	
Re-evaluation Date:		Reason for Re-evaluation:	
Ensure that equipment is in safe, operable condition before starting the evaluation.			
Manufacturer:		Load Charts Available & Legible?	
Crane Make:		Crane Model Number:	
Crane Type:	Crawler?	Tires?	Maximum Capacity:
Main Boom Length:		Radius:	Jib Stage 1: Jib Stage 2:
Main Boom Type:		Telescoping?	Lattice?
Pre-Start Inspection:		Post-Start Inspection:	
Engine Oil Level:	Y/N	Start Engine:	Y/N
Coolant Level:	Y/N	Gauges for Proper Operation:	Y/N
Hydraulic Fluid Level:	Y/N	Allow Engine & Hydraulic Oil to Warm to Operating Temperature:	Y/N
Battery Condition:	Y/N		Y/N
Fuel Level:	Y/N	Control Functions:	Y/N
Fluid Leaks (oil, water, hydraulic):	Y/N	Anti-Two Block Activation:	Y/N
Tire Condition:	Y/N/NA	LMI Programming	Y/N
Tracks & Adjustment:	Y/N/NA	Signal Horn / Back-Up Alarm:	Y/N
Wire Rope, Connections, Spooling :	Y/N	Windshield Wipers & Defrost Fan:	Y/N
Belts:	Y/N	Lights / Warning Beacons:	Y/N
Air Cleaner Indicator / Dust Ejector:	Y/N	Brakes:	Y/N
Brakes: Parking / Swing	Y/N	Steering:	Y/N
House Swing Lock:	Y/N	Adjust Mirrors:	Y/N
Transmission & Controls:	Y/N	Extend Outrigger Beams & Level Machine:	Y/N
Emergency Engine Shutdown:	Y/N		Y/N
Familiarity w/ Safety Equipment & Software:		Return, Shut Down & Secure:	
Operator's Manual:	Y/N	Return All Controls to Neutral Position:	Y/N
Load Charts:	Y/N	Set Parking Brakes:	Y/N
Crane Hand Signal Chart:	Y/N	Set Swing Brake:	Y/N
Anti-Two Block:	Y/N	Set House Lock:	Y/N
Automatic Overload Prevention Device:	Y/N/NA	Idle Engine For 5 Minutes Before Shutting Down:	Y/N
Outrigger Position Sensor/Monitor:	Y/N/NA		Y/N/NA
Counterweight Configuration:	Y/N/NA	Drain Air Tanks:	Y/N/NA
Attachments:	Y/N/NA	Personnel:	
Load Moment Indicator:	Y/N/NA	Dedicated Spotter Assigned?	Y/N/NA
Load Weight Indicator:	Y/N/NA	Qualified Signalperson Assigned?	Y/N/NA
Anemometer:	Y/N/NA	Qualified Rigger Assigned?	Y/N/NA

Hoisting Activities:			
Personnel Lift:	Y/N	Crane, Load or Load Line Within 20' of a Power Line up to 350 kV	Y/N
Multiple Lift:	Y/N		
Critical Lift:	Y/N	Crane, Load or Load Line Within 50' of a Power Line >350 kV	Y/N
Blind Lift:	Y/N		
Operations:			
<p>Operator should be able to demonstrate ability to use rear wheel steering and should be rated on application, coordination and smoothness of throttle, brake and accuracy in steering. The operator also should be rated on boom retraction (if applicable), boom placed over the front of the machine, smoothness of swing or drift of block.</p>			
<p>Retain this evaluation form with other employee training records until the employee leaves your employment. The initial evaluation and subsequent evaluation forms must be on file and available for inspection upon request by any regulatory body or by the employee or the employee's representative.</p>
