

NRHC Membership Benefits and Options

The National Rental Home Council (NRHC) is the leading non-profit trade association of the single-family rental home industry. NRHC supports efforts to strengthen neighborhoods by filling an important need in today's growing rental housing market. As more Americans choose to rent, our members are providing high-quality homes for lease in safe, desirable neighborhoods, offering access to good schools and a suburban lifestyle that might otherwise be out of reach.

NRHC represents the owners of these professionally managed homes and the vendors and service providers who support the industry. We advocate for all industry professionals including independent investors, local owners, build-to-rent (BTR) developers, and institutionally backed organizations.

By joining NRHC, you have access to many benefits that will make you a more informed rental property owner. Whether you're seeking Education, Networking or Recognition and Advocacy programs, being part of NRHC provides you with opportunities to increase your knowledge, network with other like-minded individuals and contribute to our growing industry.

NRHC represents the owners of the Single-Family Rental Home Industry.

Owners can become a member of NRHC as an Associate Member. In order to qualify for Associate Membership, you must be an owner, operator and/or developer of single-family rental homes. Annual membership dues are based on the number of units owned.

Note: If you own more than 51 single-family rental homes, please email membership@rentalhomecouncil.org to learn more about the membership options available.
